JUSTIFICATION:
Aerial surveys conducted this season resulted in a minimum count of 381 goats within the mountain goat hunt area RG249. The Department increased the maximum allowable state harvest to 15 goat units and an additional quota of 4 goat units for federal subsistence hunters (19 goat units total). Each billy counts as one goat unit and each nanny counts as two goat units. The current harvest is 10 billies and 2 nannies, totaling 14 goat units, and additional hunters are currently in the field. In order to prevent over-harvest, RG249 will be closed on 17 October 2014 at 11:59 pm.
