Commissioner

Heidi L. Hatcher
Glennallen Area Wildlife Biologist

JUSTIFICATION:

To maintain the population objective of 35,000–40,000 Nelchina caribou, harvest quotas are modified annually. The harvest quota for the Nelchina caribou herd for the 2021–2022 season is 1,600 caribou. The department believes that harvest of approximately 1,250 caribou from the state season and additional federal harvest can be taken sustainably while allowing for modest growth and providing for subsistence opportunity. The 2021–2022 quota for the Tier I Registration Caribou hunt RC561 is 350 caribou, which has been reached.
