**ALASKA VOTERS: Their Characteristics and Attitudes Towards Wildlife****INTRODUCTION**

Economic and social values play an increasingly important role in the natural resource decision making process. In order for resource managers, legislators, policy makers, and the public to fully consider alternative natural resource uses, information on the economic and social values the public places on wildlife and wildlife related uses must be considered.

Wildlife is an integral part of the Alaskan lifestyle and a central feature of Alaska's national and international image. In spite of the obvious importance of wildlife to Alaska, few data have been collected on the contributions that wildlife resources make to the local, regional, and state economies, or on the social and economic value both state residents and nonresidents place on these resources.

In 1989, the Division of Wildlife Conservation of the Alaska Department of Fish and Game initiated a program to better understand the social importance and economic impact and value of Alaska's wildlife. The first step the agency took was to cooperate with the U. S. Fish and Wildlife Service Federal Aid Program and the U. S. Forest Service Rocky Mountain Forest and Range Experiment Station to host a workshop with some of the nation's leading resource economists to develop a sound technical strategy for the program. Two products resulted from that workshop: 1) a book explaining the use of economic principles in addressing wildlife management issues in Alaska for wildlife managers and graduate students in wildlife ecology entitled Valuing Wildlife Resources in Alaska, edited by George L. Peterson, Cindy Sorg Swanson, Daniel W. McCollum, and Michael H. Thomas was published in 1992; and, 2) a detailed study plan for estimating the economic impact of wildlife dependent activities on the state's and regional economies was developed.

The economic impact study plan identified four wildlife user/activity combinations: 1) resident hunting; 2) resident wildlife viewing; 3) nonresident hunting; and 4) nonresident wildlife viewing. In 1991, the Division of Wildlife Conservation sought the cooperation of federal resource management agencies to begin to implement the study plan by designing a project to collect and analyze economic data from the first three wildlife user/activity groups. These three groups were included in a single project because there existed appropriate sampling frames for each group from which primary data could be gathered using mail surveys. The project was designed to include collection and analysis of public opinion data on wildlife management issues as well as economic data.

This report explains the methods used in collecting and analyzing data for that project. It also summarizes the results of that project with respect to the public opinion and demographic information collected from the resident wildlife viewing user/activity group. Results on the economic data collected from the resident wildlife viewing user/activity group, and results from all data collected from the resident and nonresident hunting user/activity groups are presented in separate, companion reports.

**ALASKA VOTERS: Their Characteristics and Attitudes Towards Wildlife****CONTRIBUTING AGENCIES**

This project was made possible by the contributions of the following agencies:

The Alaska Department of Fish and Game

The U. S. Forest Service Rocky Mountain Forest and Range Experiment Station

The U. S. Fish and Wildlife Service Federal Aid Program

The U. S. Forest Service Region 10

The National Park Service

The Bureau of Land Management

The U. S. Fish and Wildlife Service, Alaska Region

The University of Alaska, Fairbanks

**PROJECT DESIGN AND ADMINISTRATION**

The purpose of the project was to collect, analyze, and report primary data on the economic and social importance of wildlife from three wildlife user/activity groups: resident hunters, resident wildlife viewers, and nonresident hunters. Mail surveys were chosen as an appropriate and cost effective method of collecting data from individuals in each group. A sampling frame was identified for each of the three user/activity groups and a sample estimated to be sufficient in size to provide economic data at a regional level was drawn from each:

1. Resident Hunters

A simple random sample of 4,000 resident hunters was drawn from the list of Alaska residents who purchased a resident Alaska hunting license in 1991.

2. Resident Wildlife Viewers

A sample weighted by legislative district of 4,725 was drawn from the list of Alaskans registered to vote in 1990, which was the most recent election year.

The samples from the resident hunters and the registered voters were mutually exclusive. If a hunter was selected who had already been selected from the voters list, then another hunter was selected.

3. Nonresident Hunters

A simple random sample of 1,000 was drawn from the list of nonresidents who purchased an Alaska hunting license in 1991.

**ALASKA VOTERS: Their Characteristics and Attitudes Towards Wildlife**

A steering committee consisting of a representative from each contributing agency was formed in September, 1991. The purpose of the committee was to identify the economic and public opinion information needs of each agency, to assist in designing the questionnaires to be used in the mail surveys, and to pretest draft questionnaires by holding focus groups. Dr. Richard C. Bishop and Dr. Thomas A. Heberlein from the University of Wisconsin assisted the steering committee and the authors in developing questionnaires which would result in providing the information needs identified by the committee.

The questionnaires were designed to estimate the following:

1. the number of trips that each user group took during 1991 to pursue wildlife related activities;
2. the impact of those trips on the state and regional economies;
3. the economic value that users placed on those trips;
4. the demographic characteristics of each user group; and
5. the attitudes, opinions, and knowledge of each user group about wildlife and wildlife management.

Draft questionnaires were developed and pretested in a total of 19 focus groups consisting of from 6 to 15 participants. A total of 156 draft questionnaires were completed by focus group participants and were analyzed to identify questionnaire problems. The final questionnaires consisted of a combination of public opinion, demographic, and economic questions. A copy of the questionnaire is presented in Part B of each report. The questionnaires took respondents from 25 to 30 minutes to complete.

The mail surveys consisted of four separate mailings to each group:

1. an introductory letter was sent to all persons drawn in the samples explaining that the person had been selected to participate and requesting their cooperation;
2. a copy of the questionnaire was sent to all persons who did not have their introductory letters returned by the Post Office as undeliverable;
3. a second copy of the questionnaire was sent to all persons who did not respond to the first questionnaire; and
4. a third copy of the questionnaire was sent to all persons who did not respond to either the first or second questionnaire.

The mailing schedule and results are summarized in Table 1.

**ALASKA VOTERS: Their Characteristics and Attitudes Towards Wildlife**
**TABLE 1. Mailing schedule and questionnaire returns**

DATE	ITEM AND NUMBER SENT	NUMBER RETURNED
March 6, 1992	Introductory letters 4,000 Alaska hunters 4,725 Alaska voters 1,000 nonresident hunters	Undeliverable letters 454 Alaska hunters 584 Alaska voters 118 nonresident hunters
March 23, 1992	First questionnaires 3,546 Alaska hunters 4,141 Alaska voters 882 nonresident hunters	First questionnaires 1,477 Alaska hunters 1,554 Alaska voters 397 nonresident hunters
April 20, 1992	Second questionnaires 2,069 Alaska hunters 2,587 Alaska voters 485 nonresident hunters	Second questionnaires 391 Alaska hunters 539 Alaska voters 184 nonresident hunters
May 18, 1992	Third questionnaires 1,678 Alaska hunters 2,048 Alaska voters 301 nonresident hunters	Third questionnaires 209 Alaska hunters 277 Alaska voters 66 nonresident hunters
		Total questionnaires 2,077 Alaska hunters 2,370 Alaska voters 647 nonresident hunters

Nonresident hunters had the highest response rate with 73.4% of those who received a questionnaire responding; resident hunters had the second highest response rate with 58.6% responding; and Alaska voters had the lowest response rate of 57.2%.

**ALASKA VOTERS: Their Characteristics and Attitudes Towards Wildlife****SURVEY RESULTS**

The returned questionnaires from each survey were compared to the original sampling frames to test for response bias. The known gender, age and legislative district of the returns from the Alaska voters were compared to those from the entire population of 1990 voters. The known gender and age of resident and nonresident hunters were compared to those from the entire populations of 1991 resident and nonresident hunters respectively. The location of residence for hunters was not compared because only mailing addresses were available on the hunting license files. In Alaska, unlike other parts of the U.S., mailing address is not a reliable indicator of where a person actually resides. Using a significance level of .05, statistical differences were found between returned questionnaires and the sample population of Alaska voters with regard to legislative district, of resident hunters with regard to age, and of nonresident hunters with regard to both gender and age. Weights were calculated for each factor for each sample to remove response bias based on those characteristics and to retain the original sample size to ensure the validity of statistical results. The results of the comparisons and the corresponding weights are presented in Tables 2, 3, and 4.

The results from each user/activity group are presented in two separate reports: Characteristics and Attitudes Towards Wildlife, and Trip Characteristics and Economics, for a total of six reports:

**Alaska Voters: Their Characteristics and Attitudes Towards Wildlife**

**Alaska Voters: Their Wildlife Related Trip Characteristics and Economics**

**Alaska Hunters: Their Characteristics and Attitudes Towards Wildlife**

**Alaska Hunters: Their Hunting Related Trip Characteristics and Economics**

**Alaska Nonresident Hunters: Their Characteristics and Attitudes Towards Wildlife**

**Alaska Nonresident Hunters: Their Hunting Related Trip Characteristics and Economics**

All six reports are very detailed and intended to be used as reference documents by the cooperating agencies. The responses to each question in each questionnaire are analyzed by demographic features of the respondents. Those features are:

**ALASKA VOTERS**

- gender
- age
- location of residence
- education
- income
- race
- years living in Alaska
- history of hunting
- history of wildlife viewing

**ALASKA HUNTERS**

- gender
- age
- location of residence
- education
- income
- race
- years living in Alaska
- history of completing a hunter education class

**NONRESIDENT HUNTERS**

- gender
- age
- education
- income
- race
- history of completing a hunter education class
- use of a hunting guide
- location of hunting trip
- species hunted
- species bagged

**ALASKA VOTERS: Their Characteristics and Attitudes Towards Wildlife**

One of the demographic factors used in analyzing the results of both the public opinion and economic data is the location of respondents' residences and their hunting or wildlife viewing activities. In all six reports location is identified by geographic region. Five regions are defined on the basis of Alaska Department of Fish and Game's Game Management Units. Table 5 gives the regional designation for each Game Management Unit. These regions were designed to correspond with regions used by the Alaska Visitor Statistics Program of the Alaska Department of Commerce and Economic Development, Division of Tourism. The regions generally correspond to the regions used by the Division of Wildlife Conservation of the Alaska Department of Fish and Game, with one exception. The Division of Wildlife Conservation does not recognize Region 4, and considers it part of Region 2.

TABLE 5. Region Definitions				
REGION 1	REGION 2	REGION 3	REGION 4	REGION 5
SOUTH EAST	SOUTH CENTRAL	INTERIOR	SOUTH WEST	ARCTIC WESTERN
CONTAIN THE FOLLOWING GAME MANAGEMENT UNITS				
GMU 1	GMU 6	GMU 12	GMU 8	GMU 18

GMU 5	GMU 15	GMU 24		
	GMU 16	GMU 26B		
		GMU 26C		

Part A of each of the six reports presents summary tables for the breakdown of responses by demographic features for each individual question. Most of the summary tables are of two basic types:

#### Pearson Chi-squared Tables

A table presenting the Pearson Chi-squared statistic, the degrees of freedom, and the observed significance level of the test for independence between the responses to the question and the various categories or levels of each demographic factor is presented first.

In addition to the demographic features, question responses are tested for independence between "mailings when the response was received". In mail questionnaires, there is often a response bias associated with when the questionnaire was returned by the respondent. Respondents who return their questionnaires after receiving the first questionnaire may have different characteristics, attitudes, and spending habits than those who returned their questionnaires after receiving one or two reminder questionnaires. Such differences indicate that it would not be valid to assume that the surveys' results could be applied to those people who received a questionnaire but failed to respond. This bias may be specific to individual questions in the questionnaires. To examine the possibility of this type of bias, each individual question within each questionnaire was analyzed to

**ALASKA VOTERS: Their Characteristics and Attitudes Towards Wildlife**

identify statistically significant differences between the responses received after each mailing. For those questions where a statistically significant difference exists between the mailings when the responses were received, care must be taken in expanding the results to the population from which the samples were drawn.

Over 2,000 significance tests were calculated over all three surveys. If an observed significance level of .05 is used to reject the null hypothesis of independence, and conclude that statistically significant differences exist between the demographic categories, then we could expect to be wrong in our conclusions about 5 times in 100. This means that we would be wrong about 100 times over all three surveys.

Breakdown Tables

Summary tables which breakdown or cross the responses to the individual question with each of the demographic factors follow the Pearson Chi-squared Table. The breakdown tables present the percentages of the weighted responses that are in each category of response to the question for each category of the demographic factors. Since the percentages are weighted, they can be used as population estimates for each respective sample frame within the guidelines discussed in the previous section regarding response bias. The reliability of the percentages presented in the summary tables depends on the sample size and the magnitude of the percentage. Survey results close to 50% are the least reliable; results around 1% or 99% are the most reliable. Larger samples provide greater reliability than smaller samples. Table 6 summarizes the reliability intervals at the 95% confidence for each of the three surveys.

TABLE 6. Survey Reliability Intervals: 95% Confidence Level			
	VOTER SURVEY SAMPLE SIZE 2370	RESIDENT HUNTER SURVEY SAMPLE SIZE 2077	NONRESIDENT HUNTER SURVEY SAMPLE SIZE 647
WHEN SURVEY RESULT IS:	THEN MAXIMUM MARGIN OF ERROR IS:		
1% OR 99%	0.4%	0.4%	0.8%
10% OR 90%	1.2%	1.3%	2.3%
20% OR 80%	1.6%	1.7%	3.1%
30% OR 70%	1.8%	2.0%	3.5%
40% OR 60%	2.0%	2.1%	3.8%
50% OR 50%	2.0%	2.2%	3.9%

**ALASKA VOTERS: Their Characteristics and Attitudes Towards Wildlife**

Most of the questions required unique answers. That is, each respondent chose one answer among a number of possibilities. However, several questions allowed respondents to provide more than one response. For example, hunters could list more than one species when asked which species they were hunting. The summary tables for questions with multiple responses are identified as such and do not display totals.

The unit of analysis for all the public opinion and demographic data is the individual respondent and all respondents are included. Missing responses to individual questions are identified. The unit of analysis for trip characteristics and economic activities varies between the individual respondent with all responses included, a subset of respondents who indicated that they have participated in wildlife-related activities, and randomly selected wildlife-related overnight trips taken in 1991. The overnight trips in the nonresident hunters survey were selected by having respondents identify their longest overnight hunting trip in Alaska. This was appropriate because most nonresident hunters only make one overnight hunting trip per year. However, resident hunters and wildlife viewers may make many overnight trips. The overnight trips taken by residents were selected by having respondents first list their wildlife viewing or hunting trips in a table. From the table, the respondents were directed through a series of instructions which resulted in one of their trips being selected. They were then asked a series of questions regarding their economic activities and the characteristics of their selected trip. All returned questionnaires were reviewed to ensure that only those trips that were correctly identified through the random selection process were considered in the analyses. The reader can refer to the questionnaire in Part B of each report to review the exact mechanism used to randomly select overnight trips.

**ACKNOWLEDGEMENTS**

Many people worked long and hard to make this project a reality. The project steering committee members, Mr. William Martin of the Federal Aid Program of the U. S. Fish and Wildlife Service, Mr. Robert Dewey of the U. S. D. A. Forest Service, Alaska Region, Ms. Sue Mills and Mr. Doug Whittaker of the National Park Service, Mr. John Thompson of the Bureau of Land Management, Dr. John Schoen and Ms. Lana Shea of the Alaska Department of Fish and Game, and Dr. John Boyce of the University of Alaska, Fairbanks, all dedicated considerable time and effort to project design. Dr. Erda Wang and Ms. Michelle Haeefe, of Colorado State University assisted in analyzing the economic data. The entire staff of the Information Management Program of the Division of Wildlife Conservation, Alaska Department of Fish and Game made the whole project possible by their exceptional abilities and willingness to put forth whatever effort necessary to execute all phases of the project. Staff members include Mr. Bob Walker, Ms. Tammy Wettin, Ms. Ronda Zak, Ms. Rebecca Strauch, Mr. Earl Becker, Mr. Randy Kardong, Ms. Teri Arnold, Ms. Lynn Dang, Ms. Ruth Moulton, Ms. Suzan Bowan, Ms. Thela Divens, and student interns, Mr. Michael Schmahl, Mr. Jeffrey Sabrowski, Ms. Edith Jones, Ms. Kynda Curtis, and Ms. Jennifer Raley. Mr. Larry Aumiller created original drawings for the covers of each questionnaire. Ms. Sheryl Jamieson provided clerical support.

A-3	Respondent's years of residency in Alaska .....	12
A-4	Gender of respondent .....	19
A-5	Age of respondent .....	27
A-6	Years of school respondent has completed .....	35
A-7	Race of respondent .....	42
A-8	Respondent's 1991 annual income, before taxes, of all immediate family members living in the household? .....	49

## Wildlife Attitudes and Uses

Table A-9	Has respondent ever purchased a hunting license in Alaska or some other place? .....	59
	Do you agree or disagree with the following statements?	
A-10	Wildlife adds a great deal to my enjoyment of living in Alaska. ....	67
A-11	I am interested in knowing more about how to find and watch wildlife. ....	75
A-12	I like having bears in and around urban areas in Alaska. ....	83
A-13	I would probably stop or slow down to look for wildlife if I saw a sign along the highway indicating good wildlife viewing. ....	91
A-14	Concern about bears sometimes keeps me from going into the countryside. ....	99
A-15	I think more concern should be given to protecting the land and water where wildlife live. ....	107
A-16	In general, I approve of hunting wildlife for meat. ....	115
A-17	In general, I approve of hunting wildlife for trophies. ....	123
A-18	In general, I approve of trapping wildlife. ....	131
A-19	I think hunters have too much influence on wildlife management. ....	139
A-20	I think people living outside Alaska have too much influence on wildlife management in Alaska. ....	147
A-21	I think environmentalists have too much influence on wildlife management. ....	155
A-22	I think more areas in the state should be managed and developed for wildlife viewing. ....	163
A-23	I think more areas in the state should be managed and developed for wildlife viewing, even if that means closing some areas to hunting. ....	171
A-24	In general, I believe it is more difficult to see wild animals in areas where those same animals are hunted than in areas where they are not hunted. ....	179
A-25	It is better to limit the number of people who can go to a good wildlife viewing site at any one time than to allow the site to become crowded. ....	187

# ALASKA VOTERS: Their Characteristics and Attitudes Towards Wildlife

Do you agree or disagree with the following statements? (continued)

Table A-26	I prefer to watch wildlife where there are information signs or naturalists to inform me. ....	195
A-27	I prefer to watch wildlife in areas where off-road motorized vehicles are not allowed. ....	203
A-28	I believe more areas in the state should be closed to hunting. ....	211
A-29	In general, I feel it is safe to be in a hunting area during the hunting season. ....	219
A-30	I think most hunters are considerate of other people they meet in the field. ....	227
A-31	I like to eat game meat. ....	235
A-32	I like to go sport fishing. ....	243
A-33	I support killing wolves in some areas of Alaska to increase the numbers of moose and caribou. ....	251
A-34	Resolving the differences between state and federal subsistence laws is one of the most important issues in wildlife management in Alaska. ....	259
A-35	I think the state should try to get federal subsistence laws repealed. ....	267
A-36	I think the Legislature should repeal state subsistence laws. ....	275
A-37	I support amending the state constitution to make state law agree with federal subsistence law. ....	283
A-38	Some people think baiting or attracting black bears with food allows hunters to be more selective in choosing which bear to kill. Do you support allowing hunters to use bait to hunt black bears? ....	291
A-39	In many states, hunters must pass a certified hunter education course before they can hunt. These 10 to 20 hour courses are generally offered free of charge by state wildlife agencies. Which one of the following statements best describes your opinion of requiring hunters to pass a hunter education course to hunt in Alaska? ....	299

## Funding Wildlife Management

Table A-40	The state gets about a third of its money for wildlife management from federal taxes on certain hunting equipment. How much of that money should be spent on programs for wildlife viewing or other wildlife programs which do not involve hunting? ....	309
A-41	The state also gets about a third of its money for wildlife management from the sale of hunting and trapping licenses and tags. How much of that money should be spent on programs for wildlife viewing or other wildlife programs which do not involve hunting? ....	317
	Would you favor or oppose?	
A-42	Raising the resident hunting license fee from \$12 to \$20? ....	325
A-43	Raising the resident hunting license fee to more than \$20? ....	333
A-44	Urging Congress to establish a 10% federal tax on bird feed and equipment used in viewing or photographing wildlife such as spotting scopes, cameras, and binoculars with proceeds going back to state governments for wildlife viewing programs? ....	341
A-45	Requiring that people who use state wildlife refuges or sanctuaries pay access fees? ....	349
A-46	Auctioning a special sheep hunting permit to raise money for sheep management? ....	357

# ALASKA VOTERS: Their Characteristics and Attitudes Towards Wildlife

## Knowledge of Wildlife and Wildlife Management

### Questions on Wildlife Biology

Do you think the following are true or false?

Table A-47	The number of sea lions in the Gulf of Alaska is increasing. ....	367
A-48	Both male and female caribou have antlers. ....	375
A-49	Forest fires in interior Alaska help moose by creating more food for them. ....	383
A-50	Female bears generally give birth to cubs every year. ....	391
A-51	Wild wolves have never attacked humans in Alaska. ....	399
A-52	There are no threatened or endangered species in Alaska. ....	407
A-53	In Alaska, deer find more food during winter in forests that have never been logged than in those that have been logged. ....	415
A-54	Scores on Biological Questions .....	423

### Questions on Wildlife Management

Do you think the following are true or false?

A-55	State hunting regulations are set each year by the Alaska Department of Fish and Game. ....	431
A-56	The U.S. Fish and Wildlife Service manages wildlife on all federal lands. ....	439
A-57	The state receives money for wildlife management from federal taxes on the sale of guns and ammunition. ....	447
A-58	The Federal Subsistence Board sets all hunting regulations on federal lands. ....	455
A-59	Both sport and subsistence hunting are generally allowed in National Preserves managed by the National Park Service. ....	463
A-60	Scores on Management Questions .....	471
A-61	Scores on All Questions .....	479

## Wildlife Viewing Activities

Table A-62	Have you ever gone on an outing which included wildlife viewing as one of the things you planned to do? Remember that the term WILDLIFE does not include fish, and that the term WILDLIFE VIEWING includes watching and photographic wildlife but does not include hunting or trapping .....	489
A-63	Did you take any day trips in Alaska (other than hunting or trapping trips) in 1991 on which wildlife viewing was one of the main activities you planned? By day trip we mean a trip on which you left and returned home in the same day. ....	497
A-64	As best you can recall, how many wildlife viewing day trips did you take in 1991? .....	505
A-65	Did you take any overnight trips in Alaska (other than hunting or trapping trips) during 1991 on which wildlife viewing was one of the activities you planned? By overnight trip we mean a trip on which you spent one or more nights away from home. ....	513

**ALASKA VOTERS: Their Characteristics and Attitudes Towards Wildlife**

Table A-66	Number of overnight wildlife viewing trips in 1991. ....	521
A-67	Types of wildlife viewing trips .....	529
A-68	Trip destination .....	534
A-69	Animals respondents wanted to see on overnight wildlife viewing trips (big game) .....	544
A-70	Animals respondents wanted to see on overnight wildlife viewing trips (small game) .....	554
	Please indicate how you consider the following in selecting a wildlife viewing site:	
A-71	Good chance of seeing many different kinds of wildlife. ....	565
A-72	Good chance of seeing lots of wildlife, even if they are the same kind. ....	573
A-73	Opportunity to see particularly large individual animals. ....	581
A-74	Opportunity to see unique or unusual wildlife. ....	589
A-75	Seeing the wildlife at close range, assuming it is safe. ....	597
A-76	Viewing site located in a remote wilderness area. ....	605
A-77	Seeing many other people at the site. ....	613
A-78	Having road access all the way to the site. ....	621
A-79	Many off-road vehicles in the area. ....	629
A-80	Many power boats in the area. ....	637
A-81	Air boats in the area. ....	645
A-82	Public restrooms. ....	653
A-83	Public use cabins. ....	661
A-84	Public boat moorings/launch. ....	669
A-85	Public air strip. ....	677
A-86	Hiking trails. ....	685
A-87	Informations center or naturalist in the area. ....	693
A-88	Public campground. ....	701
A-89	Active mine. ....	709
A-90	Old clearcut. ....	717
A-91	Recent clearcut. ....	725
A-92	Commercial fishing activity. ....	733

STATE-WIDE BREAKDOWN OF 2370 WEIGHTED RESPONSES FROM ALASKA VOTERS

Alaska Department

of Fish and Game

**ALASKA VOTERS: Their Characteristics and Attitudes Towards Wildlife**

**Part B**

**Original Questionnaire  
Completed by  
2370 Alaska Voters**

**ALASKA VOTERS: Their Characteristics and Attitudes Towards Wildlife**

---

**ALASKA'S WILDLIFE**

**What does it mean to you?**

---

---

It is very important that this questionnaire be completed by the person to whom it is addressed. Please try to answer what you believe to be true for you; don't ask others for their opinions. The best answers are the ones which most closely reflect your own feelings, beliefs, experiences, and knowledge. If you have any problems filling out the questionnaire please call toll-free 1-800-770-9172 (inside Alaska) or 1-800-777-9172 (outside Alaska) from 8:00 AM to 5:00 PM Alaska time, Monday through Friday, and we will be happy to help you. Thank You!

**ALASKA VOTERS: Their Characteristics and Attitudes Towards Wildlife**

**DEFINITIONS:** Before we begin, we need to explain what we mean by several terms:

**WILDLIFE** includes all wild animals, except fish.

**GAME** includes all wild animals that are hunted.

**WILDLIFE MANAGEMENT** means all the programs and regulations government agencies apply to conserve wildlife and regulate its use by the public.

**WILDLIFE VIEWING** is a term we use to mean all activities involving wildlife, except hunting and trapping. Activities such as watching, photographing, tracking, painting, or listening to wildlife are included in the term wildlife viewing.

### PART ONE: Your Wildlife Attitudes

1. Below are a number of statements people might make about wildlife and wildlife management in Alaska. Please tell us how much you agree or disagree with each statement. There are no right or wrong answers; the best answer is the one that reflects your opinion or what you do. (CIRCLE ONE NUMBER FOR EACH STATEMENT)

	Strongly Agree	Moderately Agree	Moderately Disagree	Strongly Disagree	Don't Know/ No Opinion
Wildlife adds a great deal to my enjoyment of living in Alaska.	1	2	3	4	5
I am interested in knowing more about how to find and watch wildlife.	1	2	3	4	5
I like having bears in and around urban areas in Alaska.	1	2	3	4	5
I would probably stop or slow down to look for wildlife if I saw a sign along the highway indicating good wildlife viewing.	1	2	3	4	5
Concern about bears sometimes keeps me from going into the countryside.	1	2	3	4	5

**ALASKA VOTERS: Their Characteristics and Attitudes Towards Wildlife**

	<b>Strongly Agree</b>	<b>Moderately Agree</b>	<b>Moderately Disagree</b>	<b>Strongly Disagree</b>	<b>Don't Know/ No Opinion</b>
I think more concern should be given to protecting the land and water where wildlife live.	1	2	3	4	5
In general, I approve of hunting wildlife for meat.	1	2	3	4	5
In general, I approve of hunting wildlife for trophies.	1	2	3	4	5
In general, I approve of trapping wildlife.	1	2	3	4	5
I think hunters have too much influence on wildlife management.	1	2	3	4	5
I think people living outside Alaska have too much influence on wildlife management in Alaska.	1	2	3	4	5
I think environmentalists have too much influence on wildlife management.	1	2	3	4	5
I think more areas in the state should be managed and developed for wildlife viewing.	1	2	3	4	5
I think more areas in the state should be managed and developed for wildlife viewing, even if that means closing some areas to hunting.	1	2	3	4	5
In general, I believe it is more difficult to see wild animals in areas where those same animals are hunted than in areas where they are not hunted.	1	2	3	4	5
It is better to limit the number of people who can go to a good wildlife viewing site at any one time than to allow the site to become crowded.	1	2	3	4	5

**ALASKA VOTERS: Their Characteristics and Attitudes Towards Wildlife**

	Strongly Agree	Moderately Agree	Moderately Disagree	Strongly Disagree	Don't Know/ No Opinion
I prefer to watch wildlife where there are information signs or naturalists to inform me.	1	2	3	4	5
I prefer to watch wildlife in areas where off-road motorized vehicles are not allowed.	1	2	3	4	5
I believe more areas in the state should be closed to hunting.	1	2	3	4	5
In general, I feel it is safe to be in a hunting area during the hunting season.	1	2	3	4	5
I think most hunters are considerate of other people they meet in the field.	1	2	3	4	5
I like to eat game meat.	1	2	3	4	5
I like to go sport fishing.	1	2	3	4	5
I support killing wolves in some areas of Alaska to increase the numbers of moose and caribou.	1	2	3	4	5
Resolving the differences between state and federal subsistence laws is one of the most important issues in wildlife management in Alaska.	1	2	3	4	5
I think the state should try to get federal subsistence laws repealed.	1	2	3	4	5
I think the legislature should repeal state subsistence laws.	1	2	3	4	5
I support amending the state constitution to make state law agree with federal subsistence law.	1	2	3	4	5

**ALASKA VOTERS: Their Characteristics and Attitudes Towards Wildlife**

2. How interested are you in new sites to view wildlife? Suppose an easily accessible wildlife viewing site were available that offered good views of wildlife in natural surroundings from a close, but safe, distance. Please tell us how often you think you would make a day trip to visit sites like the following over the next five years.

Each question indicates a cost per person to make the round trip. That cost is different in every questionnaire. Please give us your answer even if the amount seems ridiculously high or low so that we can consider a full range of values. (CIRCLE ONE NUMBER FOR EACH STATEMENT)

	Never	At Least Once	More Than Once
How often do you think you would make a <u>day trip</u> to visit a site <u>over the next five years</u> where you could expect to see....			
A <u>herd of caribou</u> if it cost \$ A to make the trip?	0	1	2
<u>Moose</u> if it cost \$ B to make the trip?	0	1	2
A <u>pack of wolves</u> either from the ground or from an airplane if it cost \$ C to make the trip?	0	1	2
<u>Several Dall sheep</u> if it cost \$ D to make the trip?	0	1	2
<u>Typical marine life, and about half the time you would see whales</u> , if it cost \$ E to make the trip?	0	1	2
A <u>large concentration of grizzly bears</u> if it cost \$ F to make the trip?	0	1	2
A <u>large concentration of sea birds</u> if it cost \$ G to make the trip?	0	1	2
A <u>large concentration of eagles</u> if it cost \$ H to make the trip?	0	1	2

**ALASKA VOTERS: Their Characteristics and Attitudes Towards Wildlife**

3. You may have heard or read many different things about wildlife and wildlife management. We can design better information and education programs if we have an idea of what people currently know and don't know about wildlife and wildlife management. Please answer each question below. If you don't know the answer, circle the ?. Please don't guess if you are not sure. Few people, even experts, will know the answers to all the questions. (CIRCLE ONE ANSWER FOR EACH STATEMENT)

	TRUE	FALSE	DON'T KNOW
The number of sea lions in the Gulf of Alaska is increasing.	T	F	?
Both male and female caribou have antlers.	T	F	?
Forest fires in interior Alaska help moose by creating more food for them.	T	F	?
Female bears generally give birth to cubs every year.	T	F	?
Wild wolves have never attacked humans in Alaska.	T	F	?
There are no threatened or endangered species in Alaska.	T	F	?
In Alaska, deer find more food during winter in forests that have never been logged than in those that have been logged.	T	F	?
State hunting regulations are set each year by the Alaska Department of Fish and Game.	T	F	?
The U. S. Fish and Wildlife Service manages wildlife on all federal lands.	T	F	?
The state receives money for wildlife management from federal taxes on the sale of guns and ammunition.	T	F	?
The Federal Subsistence Board sets all hunting regulations on federal lands.	T	F	?
Both sport and subsistence hunting are generally allowed in National Preserves managed by the National Park Service.	T	F	?

## ALASKA VOTERS: Their Characteristics and Attitudes Towards Wildlife

4. The state gets about a third of its money for wildlife management from federal taxes on certain hunting equipment. How much of that money should be spent on programs for wildlife viewing or other wildlife programs which do not involve hunting? (*CIRCLE ONE NUMBER*)

- 1           None
- 2           A little (less than 25%)
- 3           Some (26% to 49%)
- 4           Half (50%)
- 5           A lot (51% to 75%)
- 6           Most (more than 75%)
- 7           All
- 8           I have no opinion on this issue

5. The state also gets about a third of its money for wildlife management from the sale of hunting and trapping licenses and tags. How much of that money should be spent on programs for wildlife viewing or other wildlife programs which do not involve hunting? (*CIRCLE ONE NUMBER*)

- 1           None
- 2           A little (less than 25%)
- 3           Some (26% to 49%)
- 4           Half (50%)
- 5           A lot (51% to 75%)
- 6           Most (more than 75%)
- 7           All
- 8           I have no opinion on this issue

**ALASKA VOTERS: Their Characteristics and Attitudes Towards Wildlife**

6. The amount of money the Alaska Department of Fish and Game receives for wildlife management has declined while costs have increased. There are a number of ways the state could increase funds for wildlife programs. Please tell us how much you favor or oppose each of the following possible ways. (CIRCLE ONE NUMBER FOR EACH STATEMENT)

Would you favor or oppose....	Strongly Favor	Moderately Favor	Moderately Oppose	Strongly Oppose	Don't Know/ No Opinion
Raising the resident hunting license fee from \$12 to \$20?	1	2	3	4	5
Raising the resident hunting license fee to more than \$20?	1	2	3	4	5
Urging Congress to establish a 10% federal tax on bird feed and equipment used in viewing or photographing wildlife such as spotting scopes, cameras, and binoculars with proceeds going back to state governments for wildlife viewing programs?	1	2	3	4	5
Requiring that people who use <u>state</u> wildlife refuges or sanctuaries pay access fees?	1	2	3	4	5
Auctioning a special sheep hunting permit to raise money for sheep management?	1	2	3	4	5

7. Some people think baiting or attracting black bears with food allows hunters to be more selective in choosing which bear to kill. Do you support allowing hunters to use bait to hunt black bears? (CIRCLE ONE NUMBER)

- 1        YES  
2        NO  
3        I have no opinion on this issue

## ALASKA VOTERS: Their Characteristics and Attitudes Towards Wildlife

8. In many states, hunters must pass a certified hunter education course before they can hunt. These 10 to 20 hour courses are generally offered free of charge by state wildlife agencies. Which one of the following statements best describes your opinion of requiring hunters to pass a hunter education course to hunt in Alaska? (CIRCLE ONE NUMBER)

- 1 Hunters should not be required to pass a hunter education course to hunt in Alaska.
- 2 Only hunters hunting for the first time in Alaska should be required to pass a hunter education course.
- 3 All hunters should be required to pass a hunter education course to hunt in Alaska.
- 4 I have no opinion on this issue.

9. Have you ever purchased a hunting license in Alaska or some other place?  
(CIRCLE YOUR ANSWER)

YES

NO

10. Have you ever gone on an outing which included wildlife viewing as one of the things you planned to do? Remember that the term WILDLIFE does not include fish, and that the term WILDLIFE VIEWING includes watching and photographing wildlife but does not include hunting or trapping. (CIRCLE ONE ANSWER)

NO Please skip PART TWO of the survey and go to PART THREE on the second to last page of the questionnaire

YES Please continue on to PART TWO

**ALASKA VOTERS: Their Characteristics and Attitudes Towards Wildlife**
**PART TWO: Your Wildlife Viewing Activities**

This part of the survey will ask you about your wildlife viewing activities. The information you provide will help us understand what characteristics of wildlife viewing trips are important and how wildlife viewing trips affect the state's economy.

1. Below are some things you may consider when you go on a trip to view wildlife. Some are things you might see, others are facilities or signs of development. Please indicate which of the following features make a site more attractive or desirable for wildlife viewing, which ones you find unattractive, and which ones you are neutral towards or are not a factor for you. (CIRCLE ONE RESPONSE FOR EACH)

	Strongly Attractive	Moderately Attractive	Moderately Unattractive	Strongly Unattractive	Neutral/Not a Factor
Good chance of seeing many different kinds of wildlife	1	2	3	4	5
Good chance of seeing lots of wildlife, even if they are the same kind	1	2	3	4	5
Opportunity to see particularly large individual animals	1	2	3	4	5
Opportunity to see unique or unusual wildlife	1	2	3	4	5
Seeing the wildlife at close range, assuming it is safe	1	2	3	4	5
Viewing site located in a remote wilderness area	1	2	3	4	5
Seeing many other people at the site	1	2	3	4	5
Having road access all the way to the site	1	2	3	4	5
Many off-road vehicles in the area	1	2	3	4	5

## ALASKA VOTERS: Their Characteristics and Attitudes Towards Wildlife

	Strongly Attractive	Moderately Attractive	Moderately Unattractive	Strongly Unattractive	Neutral/Not a Factor
Many power boats in the area	1	2	3	4	5
Air boats in the area	1	2	3	4	5
Public restrooms	1	2	3	4	5
Public use cabins	1	2	3	4	5
Public boat moorings/launch	1	2	3	4	5
Public air strip	1	2	3	4	5
Hiking trails	1	2	3	4	5
Information center or naturalist in the area	1	2	3	4	5
Public campground	1	2	3	4	5
Active mine	1	2	3	4	5
Old clearcut	1	2	3	4	5
Recent clearcut	1	2	3	4	5
Commercial fishing activity	1	2	3	4	5
Other signs of development (please specify)					
_____	1	2	3	4	5

2. Did you take any day trips in Alaska (other than hunting or trapping trips) in 1991 on which wildlife viewing was one of the main activities you planned? By day trip we mean a trip on which you left and returned home in the same day. (CIRCLE YOUR ANSWER)

NO

YES

As best you can recall, how many wildlife viewing day trips did you take in 1991?

\_\_\_\_\_ day trips

## ALASKA VOTERS: Their Characteristics and Attitudes Towards Wildlife

3. Look over the list of items in the table below.

- \* First, please tell us which ones your household owns by circling NO or YES. Then, tell us how many your household owns.
- \* For any of the items you own, please tell us whether wildlife viewing was one of the main reasons you purchased that item by circling NO or YES.
- \* If you purchased the item in 1991, please tell us the nearest Alaska town or city where you purchased it. If you bought it outside Alaska or from a catalog, just write "OUTSIDE".
- \* Then tell us how much it cost you or another member of your household. Give us your best estimate if you don't remember where you bought something or how much you paid.

Item	Do You Own? (Circle One)		How Many?	Was Wildlife Viewing a Main Reason For Purchase? (Circle One)		If Purchased in 1991	
						Where	Cost (Best Estimate)
Airplane	NO	YES	_____	NO	YES	_____	\$ _____
Off-road vehicle	NO	YES	_____	NO	YES	_____	\$ _____
Boats (all types and boat trailers)	NO	YES	_____	NO	YES	_____	\$ _____
Outboard motor	NO	YES	_____	NO	YES	_____	\$ _____
Snow machine	NO	YES	_____	NO	YES	_____	\$ _____
Camper, Motorhome	NO	YES	_____	NO	YES	_____	\$ _____
Cabin, Shack	NO	YES	_____	NO	YES	_____	\$ _____
Land	NO	YES	_____	NO	YES	_____	\$ _____
Horses or Dogs	NO	YES	_____	NO	YES	_____	\$ _____

**ALASKA VOTERS: Their Characteristics and Attitudes Towards Wildlife**

4. Please tell us about any other equipment or special clothing that you purchased in 1991 for which wildlife viewing was one of the main reasons you purchased the good.

- \* What did you buy? We listed some common things people buy, but there may be others that you bought. Please tell us what you bought within each category and list any other things that you may have bought.
- \* Where did you buy it? Name the nearest Alaska town or city. Write "OUTSIDE" if you bought it outside Alaska or from a catalog.
- \* How much did it cost?

Category	Item	Where Purchased Alaska Town(s) or OUTSIDE	Cost to You (Best Estimate)
Cameras, lenses, or other photographic equipment	_____	_____	\$ _____
	_____	_____	\$ _____
	_____	_____	\$ _____
Binoculars, scopes, etc.	_____	_____	\$ _____
	_____	_____	\$ _____
	_____	_____	\$ _____
Camping Equipment	_____	_____	\$ _____
	_____	_____	\$ _____
	_____	_____	\$ _____
Special Clothing	_____	_____	\$ _____
	_____	_____	\$ _____
	_____	_____	\$ _____
Skis or Snowshoes	_____	_____	\$ _____
Bird Feeders or Seed	_____	_____	\$ _____
Others (please specify)	_____	_____	\$ _____
	_____	_____	\$ _____

**ALASKA VOTERS: Their Characteristics and Attitudes Towards Wildlife**

5. Did you take any overnight trips in Alaska (other than hunting or trapping trips) during 1991 on which wildlife viewing was one of the activities you planned? By overnight trip we mean a trip on which you spent one or more nights away from home. (**CIRCLE YOUR ANSWER**)

**NO**      Please go to PART THREE on the second to last page of the questionnaire

**YES**      Please go on to the next question

6. People may plan several different activities when they decide to make an overnight trip. Wildlife viewing may be just one of many reasons for a particular trip, or it may be the single most important reason. We will use the terms PRIMARY and SECONDARY to separate trips which were made primarily for wildlife viewing from those where the importance of wildlife viewing was secondary to other activities.

The best way to determine if a trip is a PRIMARY WILDLIFE VIEWING trip is to ask yourself the question "would I have made this trip to this place if I had not been planning to view wildlife?" If your answer is NO, then that is a PRIMARY WILDLIFE VIEWING trip. If your answer is YES, then that is a SECONDARY WILDLIFE VIEWING trip.

**EXAMPLES:**

- \* A trip to Denali National Park to specifically find wildlife to watch or photograph is a PRIMARY WILDLIFE VIEWING trip; whereas
- \* A trip to Denali National Park to specifically photograph Mount McKinley, but where you watch or photograph any wildlife you happen to see is a SECONDARY WILDLIFE VIEWING trip.
- \* A fishing, hiking, boating, sightseeing, or horseback trip to an area you selected because the area offered wildlife viewing is a PRIMARY WILDLIFE VIEWING trip. That is, you would have gone to a different area had that area not offered the opportunity to view wildlife; whereas
- \* A fishing, hiking, or horseback trip to an area you chose for some reason other than wildlife viewing, but where you also planned to watch wildlife is a SECONDARY WILDLIFE VIEWING trip. That is, wildlife viewing was one of your planned activities, but not the one that determined where you went.

**ALASKA VOTERS: Their Characteristics and Attitudes Towards Wildlife**

Please look over TABLE 1 on this page and the next page.

- \* Please list up to 8 of your 1991 overnight wildlife viewing trips in Alaska by filling in the blanks in TABLE 1. First, list all your PRIMARY overnight wildlife viewing trips. Then list all your SECONDARY overnight wildlife viewing trips.
- \* It is very important that all your PRIMARY overnight wildlife viewing trips are listed before any of your SECONDARY overnight wildlife viewing trips.
- \* In the second column, please tell us whether each trip was PRIMARY or SECONDARY by circling P or S.
- \* Then, please fill in where you went, the kinds of wildlife you went to see, the month or months of your trip, and the number of nights you were away from home.

**TABLE 1: 1991 OVERNIGHT WILDLIFE VIEWING TRIPS IN ALASKA**

TRIP	TYPE OF TRIP P = primary S = secondary (circle one)	WHERE YOU WENT (specific park, road segment, refuge, river, island, bay, lake, or nearest town)	THE WILDLIFE YOU WENT TO SEE	WHEN YOU WENT (month(s))	THE NUMBER OF NIGHTS YOU WERE AWAY FROM HOME
TRIP A	P or S	_____	_____	_____	_____
		_____	_____		
		_____	_____		
TRIP B	P or S	_____	_____	_____	_____
		_____	_____		
		_____	_____		

## ALASKA VOTERS: Their Characteristics and Attitudes Towards Wildlife

TRIP	TYPE OF TRIP P=primary S=secondary (circle one)	WHERE YOU WENT (specific park, road segment, refuge, river, island, bay, lake, or nearest town)	THE WILDLIFE YOU WENT TO SEE	WHEN YOU WENT (month(s))	THE NUMBER OF NIGHTS YOU WERE AWAY FROM HOME
TRIP C	P or S				
TRIP D	P or S				
TRIP E	P or S				
TRIP F	P or S				
TRIP G	P or S				
TRIP H	P or S				

## ALASKA VOTERS: Their Characteristics and Attitudes Towards Wildlife

## IMPORTANT INSTRUCTIONS

## PLEASE READ CAREFULLY

To estimate the economic importance of wildlife viewing, we would like to know how much each person spends on all their wildlife viewing trips. However, this is not practical because some people make many trips. Instead, a trip will be scientifically selected from the trips you just listed in TABLE 1, and we will ask you a number of questions about that one trip. This will allow us to use statistical techniques to estimate the economic impact of wildlife viewing.

- \* The trip will be called your **SELECTED TRIP**.
- \* Follow the procedures in the next questions to identify your **SELECTED TRIP**.

**PLEASE NOTE:** If you have trouble figuring out your **SELECTED TRIP**, please call the toll-free phone number on the front cover and we'll gladly help you.

7. Did you list any PRIMARY overnight wildlife viewing trips in TABLE 1? (*CIRCLE ONE ANSWER*)

**YES** ..... Write the number of PRIMARY trips you listed in TABLE 1 in this box.

NUMBER OF TRIPS

\_\_\_\_\_

**NO** ..... Write the number of SECONDARY trips you listed in TABLE 1 in this box.

NUMBER OF TRIPS

\_\_\_\_\_

8. Please look over TABLE 2 on the next page. The table is different in every questionnaire, and it will tell you which of the trips you listed in TABLE 1 will be your **SELECTED TRIP**.

Look in the first column of TABLE 2 for the number of trips you just wrote in the box in Question 7. Circle both that number and the trip letter beside it in the second column. That will be your **SELECTED TRIP**.

**ALASKA VOTERS: Their Characteristics and Attitudes Towards Wildlife**
**TABLE 2**

If the number you wrote in the box in Question 7 is . . . .		Then your SELECTED TRIP is . . . .
1	—————>	Trip A
2	—————>	Trip B
3	—————>	Trip C
4	—————>	Trip D
5	—————>	Trip E
6	—————>	Trip F
7	—————>	Trip G
8	—————>	Trip H

Return to TABLE 1: 1991 OVERNIGHT WILDLIFE VIEWING TRIPS IN ALASKA and find the TRIP in column one corresponding to the trip letter you just circled in TABLE 2. Circle that TRIP. This is your **SELECTED TRIP**. It is important to use that specific trip in answering the rest of the questions in PART TWO of the survey, even if your SELECTED TRIP happens to be your worst or cheapest trip.

**WRITE THE LETTER OF YOUR SELECTED TRIP HERE \_\_\_\_\_**

**Example 1:** If you had listed 3 primary wildlife viewing trips and 4 secondary wildlife viewing trips in TABLE 1, then you would have written the number 3 in the box for Question 7, circled 3 and Trip C in TABLE 2, and your **SELECTED TRIP** would have been Trip C.

**Example 2:** If you had listed no primary wildlife viewing trips and 5 secondary wildlife viewing trips in TABLE 1, then you would have written the number 5 in the box for Question 7, circled 5 and Trip E in TABLE 2, and your **SELECTED TRIP** would have been Trip E.

## ALASKA VOTERS: Their Characteristics and Attitudes Towards Wildlife

## IMPORTANT INSTRUCTIONS

## PLEASE READ CAREFULLY

To allow us to estimate the economic importance of wildlife viewing, please answer the following questions and list the expenses for your SELECTED TRIP as best you can remember.

- \* Please tell us what you purchased on your SELECTED TRIP.
- \* Then tell us the nearest Alaska town or community where you purchased the item. If you bought it outside Alaska or from a catalog, just write "OUTSIDE".
- \* Tell us the total amount you paid for the item (not just the price for each unit). Report all money that came out of your pocket, even if you paid someone else's expenses. Do not include expenses someone else paid for you.
- \* Include expenses that occurred before your SELECTED TRIP that were made in preparation for your trip (like film or other supplies) and expenses that occurred after your trip, but were directly related to your SELECTED TRIP (like film processing).
- \* Give us your best estimate if you don't remember exactly how much you paid for something or where you bought it.

9. **Round Trip Transportation Expenses** For each of the following that apply, please fill in the Alaska town where purchased (or OUTSIDE, if purchased outside Alaska) and the cost. (Do not include expenses that were included in the cost of a commercial or charter trip. We will ask you about those expenses in Question 15.)

	Where Purchased Alaska Town(s) or OUTSIDE	Cost to You (Best Estimate)
Commercial airline	_____	\$ _____
Airplane charter/Air taxi	_____	\$ _____
Rental of Car, Truck, Motorhome, etc.	_____	\$ _____
Ferry	_____	\$ _____
Boat charter	_____	\$ _____
Train or Bus	_____	\$ _____

## ALASKA VOTERS: Their Characteristics and Attitudes Towards Wildlife

## 10. Fuel or Oil for Any Vehicle (car, truck, plane, boat, off-road vehicle, etc.).

Items (gas for truck, oil for boat, etc.)	Where Purchased Alaska Town(s) or OUTSIDE	Cost to You (Best Estimate)
		\$
		\$
		\$
		\$

## 11. Other Vehicle Expenses (include things like tires, tune ups, repairs, etc. that you bought on or in preparation for your SELECTED TRIP).

Items	Where Purchased Alaska Town(s) or OUTSIDE	Cost to You (Best Estimate)
		\$
		\$
		\$

## 12. Hotels/Motels/Lodging/Camping Fees (not included in a trip or tour package)

Items	Where Purchased Alaska Town(s) or OUTSIDE	Cost to You (Best Estimate)
		\$
		\$
		\$
		\$
		\$
		\$

## ALASKA VOTERS: Their Characteristics and Attitudes Towards Wildlife

13. **Groceries and Beverages** (beverages and groceries or food you bought and prepared yourself, or you bought already prepared, but not in a restaurant and not included in a trip or tour package)

Items	Where Purchased Alaska Town(s) or OUTSIDE	Cost to You (Best Estimate)
		\$
		\$
		\$
		\$
		\$
		\$
		\$

14. **Restaurant Meals and Bars** (including fast food)

Items	Where Purchased Alaska Town(s) or OUTSIDE	Cost to You (Best Estimate)
		\$
		\$
		\$
		\$
		\$
		\$
		\$
		\$

## ALASKA VOTERS: Their Characteristics and Attitudes Towards Wildlife

15. **Commercial Trips and Tours** (both day trips and multiple day trips, flightseeing, cruises, charters, guides, etc.)

Items	Where Purchased Alaska Town(s) or OUTSIDE	Cost to You (Best Estimate)
_____	_____	\$ _____
_____	_____	\$ _____
_____	_____	\$ _____

16. **Wildlife Viewing and Photographic Supplies** (like film, film processing, lens cleaning supplies, video tape, etc.)

Items	Where Purchased Alaska Town(s) or OUTSIDE	Cost to You (Best Estimate)
_____	_____	\$ _____
_____	_____	\$ _____
_____	_____	\$ _____
_____	_____	\$ _____

17. **Equipment Rental** (like video camera, horses, canoes, kayaks, etc., other than equipment included in a trip or tour package)

Items	Where Rented Alaska Town(s) or OUTSIDE	Cost to You (Best Estimate)
_____	_____	\$ _____
_____	_____	\$ _____

## ALASKA VOTERS: Their Characteristics and Attitudes Towards Wildlife

## 18. Shipping (equipment to and from the field, etc.)

Items	Where Purchased Alaska Town(s) or OUTSIDE	Cost to You (Best Estimate)
_____	_____	\$ _____
_____	_____	\$ _____

## 19. Other Items or Unanticipated Expenses (anything not covered in the categories above, including souvenirs, medical expenses for injuries, etc.)

Items	Where Purchased Alaska Town(s) or OUTSIDE	Cost to You (Best Estimate)
_____	_____	\$ _____
_____	_____	\$ _____
_____	_____	\$ _____

The next set of questions will ask you about what you did on your SELECTED TRIP. Your answers will help us better understand what characteristics of wildlife viewing trips are important.

## 20. What kinds of wildlife did you actually see on your SELECTED TRIP? (LIST ALL YOU REMEMBER)

\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

## ALASKA VOTERS: Their Characteristics and Attitudes Towards Wildlife

21. On how many different days during your SELECTED TRIP did you spend all or part of the day actually looking for or viewing wildlife?

\_\_\_\_\_ days actually looking for or viewing wildlife

On those days, how many hours per day on average did you actually look for or view wildlife? Please give us your best estimate.

\_\_\_\_\_ hours per day actually looking for or viewing wildlife

22. How did you get to your viewing area on your SELECTED TRIP? (CIRCLE ALL THAT APPLY and fill in the time where appropriate.)

- 1 Car or truck; please estimate the total time you drove: \_\_\_\_\_
- 2 Private boat; please estimate the total time you boated: \_\_\_\_\_
- 3 Private airplane; please estimate the total time you flew: \_\_\_\_\_
- 4 Commercial airline
- 5 Chartered airplane/Air taxi
- 6 Train or Bus
- 7 Ferry
- 8 Chartered boat
- 9 Other (please specify) \_\_\_\_\_

23. How many people, including yourself, were in your viewing party? (Your own party, not the whole group if you were part of a commercial tour group.)

\_\_\_\_\_ people including myself were in the party

**ALASKA VOTERS: Their Characteristics and Attitudes Towards Wildlife**

24. Earlier we asked you which of the following things made a site more attractive for a wildlife viewing trip and which ones you found unattractive. Now please tell us which ones you actually saw on your SELECTED TRIP or which ones were true for your SELECTED TRIP. (CIRCLE YES OR NO FOR EACH ITEM)

Saw many different kinds of wildlife	YES	NO
Saw a lot of wildlife, even if they were the same kind	YES	NO
Saw particularly large individual animals	YES	NO
Saw unique or unusual wildlife	YES	NO
Got close to the wildlife	YES	NO
Wildlife viewing site was located in a remote wilderness area	YES	NO
Saw many other people at the site	YES	NO
Had road access all the way to the site	YES	NO
Saw or heard many off-road vehicles	YES	NO
Saw or heard many power boats	YES	NO
Public use cabins	YES	NO
Public boat moorings/launch	YES	NO
Public air strip	YES	NO
Hiking trails	YES	NO
Information center or naturalist in the area	YES	NO
Public campground	YES	NO
Active mine	YES	NO
Old clearcut	YES	NO
Recent clearcut	YES	NO
Commercial fishing activity	YES	NO

## ALASKA VOTERS: Their Characteristics and Attitudes Towards Wildlife

The next set of questions will ask you how satisfied you were with your SELECTED TRIP and the money you paid for it.

25. All things considered--the expenses, the wildlife, whether you saw the particular kinds of wildlife you were looking for, the overall quality of the trip--do you feel that your SELECTED TRIP was worth the money you paid? If you had it to do all over again, would you take that exact same wildlife viewing trip for the same cost? (CIRCLE YOUR ANSWER)

NO Please go to the next page, PART THREE

YES Please go on to Question 26

26. The expenses for your SELECTED TRIP could have been higher or lower. For example, transportation and other expenses rise and fall over time. Suppose your costs had been higher. How much could the cost of your SELECTED TRIP have increased before you would have decided it was just not worth it and you would not have taken your SELECTED TRIP?

In other words: Up to how much more, in addition to what you actually paid for your SELECTED TRIP, would you have paid to take your SELECTED TRIP?

I would have paid as much as \$ \_\_\_\_\_ more than I actually paid to take my SELECTED TRIP

27. If you answered \$0 to the previous question, please tell us what that means. (CIRCLE ONE NUMBER)

1 I would not have paid any more to take my SELECTED TRIP. That trip was worth exactly what I paid and no more.

2 I answered \$0 because I could not put a number on how much more I would have paid for my SELECTED TRIP.

3 I answered \$0 for other reasons. Please specify \_\_\_\_\_

## ALASKA VOTERS: Their Characteristics and Attitudes Towards Wildlife

## PART THREE: Background

In this part, we would like to learn more about you and your background. Your answers will be confidential. This information will only be used to report comparisons among groups.

1. Where do you live now? (FILL IN THE BLANKS)

Nearest city or village \_\_\_\_\_ State \_\_\_\_\_

2. How long have you lived in Alaska? \_\_\_\_\_ Years

3. Are you? (CIRCLE YOUR ANSWER)

Male

Female

4. How old are you? \_\_\_\_\_ years old

5. How many people of your immediate family live with you in your house (do not include yourself), and what are their ages? (FILL IN THE BLANKS)

\_\_\_\_\_ people live with me in my house,

and their ages are \_\_\_\_\_

6. How many years of school have you completed? (CIRCLE ONE NUMBER)

1 Eighth grade or less

4 Some College

2 Some high school

5 College graduate

3 High school graduate

6 Graduate school

## ALASKA VOTERS: Their Characteristics and Attitudes Towards Wildlife

7. What do you consider yourself to be? (CIRCLE ONE NUMBER)

- 1 Asian
- 2 Black
- 3 Hispanic
- 4 Native American
- 5 White
- 6 Other (please specify) \_\_\_\_\_

8. What do you currently do for a living? If retired or unemployed, what was your primary occupation? (FILL IN THE BLANK)

\_\_\_\_\_

9. What was the total 1991 annual income, before taxes, of all members of your immediate family living in your household? (CIRCLE ONE NUMBER)

- |   |                     |    |                       |
|---|---------------------|----|-----------------------|
| 1 | Less than \$5,000   | 10 | \$45,000 - \$49,999   |
| 2 | \$5,000 - \$9,999   | 11 | \$50,000 - \$59,999   |
| 3 | \$10,000 - \$14,999 | 12 | \$60,000 - \$69,999   |
| 4 | \$15,000 - \$19,999 | 13 | \$70,000 - \$79,999   |
| 5 | \$20,000 - \$24,999 | 14 | \$80,000 - \$89,999   |
| 6 | \$25,000 - \$29,999 | 15 | \$90,000 - \$99,999   |
| 7 | \$30,000 - \$34,999 | 16 | \$100,000 - \$124,999 |
| 8 | \$35,000 - \$39,999 | 17 | \$125,000 - \$149,999 |
| 9 | \$40,000 - \$44,999 | 18 | \$150,000 or more     |
