Date Issued: 01/16/2013

**CLOSURE OF PAVLOF BAY AND JUDE ISLAND IN THE EASTERN SECTION OF
THE SOUTH PENINSULA DISTRICT TANNER CRAB FISHERY**

EMERGENCY ORDER NO. 4-S-1-13

All waters between 161° W. longitude and 162° W. longitude in the Eastern Section of the South Peninsula District will close to Tanner crab fishing at 12:00 noon on Thursday, January 16, 2013. Catch reports indicate harvest will approach survey estimates of allowable Tanner crab surplus. To protect the long-term health of Tanner crab in this area, further harvest is not warranted.

All pots within the closed area must be open and unbaited at the time of the closure. Unbaited pots may be stored in the closed area in waters deeper than 25 fathoms for 72 hours. After 72 hours, all pots remaining in the closed area must be removed from the water or placed in waters shallower than 25 fathoms. Any gear left in the closure area may only be retrieved between 8:00 a.m. and 5:59 p.m. Vessel operators are not required to deliver crab harvested from the closed area prior to targeting Tanner crab in other areas of the Eastern Section of the South Peninsula District that remain open to Tanner crab fishing.
