Methods and Means - Tanana

Hook Size:

- Multiple hooks with a gap between point and shank larger than ½ inch may be used for taking fish other than salmon, except where noted.

Ice Houses:

- All ice houses not removed from the ice at the end of a day's fishing must be registered and a permit obtained from ADF&G.
- Each registered ice house must have its permit number displayed on its side and roof in distinguishable numbers at least 12 inches in height.
- Ice houses must be removed from all water bodies by April 30.

Use of Spears or Bow and Arrows:

- Suckers and burbot may be taken with spear or bow and arrow the entire year.
- Northern pike may be taken by spear or bow and arrow during any open season for northern pike that occurs between **September 1–April 30**, or may be speared by persons completely submerged during any open season for northern pike, excluding Harding and Little Harding lakes, which are closed to northern pike fishing.
- Whitefish (excluding sheefish) may be taken by spear or bow and arrow **September 1–April 30** and may be speared the entire year **only** by persons completely submerged, excluding the Chatanika River drainage.
- In the Chatanika River drainage, whitefish may only be taken by spear under the authority of a personal use permit. These household permits are available only at the ADF&G office in Fairbanks as announced by news release (generally during the 3rd week of August). The permits are valid only during the dates provided on the permit and the household limit is 10 whitefish.
