<sup>a</sup> Does not include David or Caribou Rivers.

<sup>b</sup> Escapement is based on weir counts and post weir escapement estimates. Only those years when weirs were present are included in the table.

<sup>c</sup> From 2005–2010, and in 2012, the Ocean River did not flow into Ilnik Lagoon. For those years, the Ocean River escapements (determined by aerial surveys) have been added to the Ilnik River weir count. In 2012 the Ocean River escapement was 21,000 fish.

<sup>d</sup> Escapement is based on aerial surveys.

<sup>e</sup> Meshik River escapement includes Red and Yellow Bluff creeks (tributaries).

<sup>f</sup> Cinder River escapement includes Mud Creek (a tributary).
