Currently, we are unable to accept submission of proposal via email. We are working with our information technology section and hope to be able to offer this option soon.

All proposals are reviewed by the board's proposal review committee prior to publication. Language that is emotionally charged detracts from the substance of the proposal. It may draw opposition that may not be germane to the element(s) of the proposal and may elicit nonresponsive charges from the public/board members. The proposal review committee reserves the right to edit proposals containing offensive language. Proposals published in the proposal book will be referenced with the appropriate Alaska Administrative Code citation and include a brief description of the action requested. Following publication, proposal booklets will be available to advisory committees and the public for review and comment.

Proposals received per the above "Call for Proposals" deadline will be considered by the Board of Fisheries during the October 2013 through March 2014 meeting schedule.
