Subject: Amendments to the June and Post June Management Plan

5AAC 09.365-366 is amended by adding a new subsection to read:

(X) Subject to assurance that 300,000 Chignik early run sockeye harvest will be achieved in Area L by July 8, commercial fishing in the Dolgoi Island Area statistical areas: 284-42, 284-38, 284-39, 284-37, 283-26, 283-21, 283-20, 283-17, 283-15, 283-25, and 283-23 of the Belkofski Bay and Volcano Bay section of the Southwestern District, and the East and West Pavlov Bay sections of the South Central District will be allowed from June 7 thru July 25th until the harvest exceeds 140,000 sockeye salmon. Once 140,000 sockeye salmon have been harvested, commercial salmon fishing will be restricted to Belkofski Bay (284-42), East and West Pavlov Bay (283-23 & 283-25), Canoe Bay (283-24), and the Mino-Creek (283-15), Volcano Bay (284-36), and Little Coal Bay (283-17) sections.
