Dear Mr. Bill, Sr:

I, on behalf of the Nunakauyak Traditional Council, am writing this letter of support to go forward with the knowledge you knew about the subsistence way of life and fishing activities in our area. It would be beneficial to use your own knowledge on how best this would be for your help and to the community in all what you have told me already.

You have my full support on this issue, and any that would pertain to the matter. You have the knowledge and the experience as a fisherman and a representative for a beneficial purpose as you are working for all your members for the benefit of their rightful resources.

NTC is in full support of your endeavor.

Sincerely,
NUNAKAUYAK TRADITIONAL COUNCIL
