

PROPOSAL 165 – 5 AAC 09.331. Gillnet specifications and operations. In the Nelson Lagoon Section allow the compliment of drift gillnet gear to be split into two 100 fathom nets that may be fished simultaneously, as follows:

In Nelson Lagoon, drift gear can be split into two 100 fathom nets, and fished separately yet simultaneously.

What is the issue you would like the board to address and why? In Nelson Lagoon the drift gear is no more than 200 fathoms. In some places the channel in the lagoon is not wide enough to hold a 200 fathom net.
