

**PROPOSAL 171 – 5 AAC 09.200. Description of districts and sections; and 5 AAC 09.206. Use of global positioning system (GPS).** Implement global positioning satellite coordinates for all district and section boundaries in the Northern District of the Alaska Peninsula Area, as follows:

In the North Peninsula Area M’s commercial salmon fishery, all boundary lines will be defined by true enforceable GPS lines.

**What is the issue you would like the board to address and why?** Lack of enforceable boundary lines on the North Peninsula. Area M existing boundary lines are not worth the time for enforcement, because location of legal waters is not defined clearly.

**PROPOSED BY:** Lower Bristol Bay Fish and Game Advisory Committee (EF-C15-094)
