

PROPOSAL 122 – 5 AAC 21.360. Kenai River Late-Run Sockeye Salmon Management Plan and 5 AAC 21.365. Kasilof River Salmon Management Plan. Remove mandatory closed fishing periods or "windows" from the Upper Subdistrict commercial set gillnet fishery, as follows:

Eliminate windows. The reason windows has not put more fish in the river. The affect of windows has been only to hamstring our talented fishery managers. When fish are present the fishery should be open.

What is the issue you would like the board to address and why? Windows – a failed allocation.
