Regulatory proposals for Kuskokwim River subsistence fishing

Proposed regulatory changes to or affecting Kuskokwim River king salmon subsistence fishing by

permit will not be accepted for consideration until after ~~December 31, 2021~~:

by the 21/22 BOF AYK cycle.

...

The permit system being proposed is new and untested on the Kuskokwim River.

A period of evaluation should be provided before any new proposals related to Chumuck salmon permits are considered by the BOF.
