Re: **PROPOSAL 200**

Chairman Jensen;

I am the author of proposal 200. I agree with the change in language represented in **RC 167** as the corrected version of my proposal. My original intent was not to exclude Kenai River Late Run King Salmon from the *personal use* (PU) regulations. It was to comply with current sports regulations for king under 20 inches. I am comfortable with the emergency authority the department maintains to restrict the harvest of kings if necessary.

However, I believe it would be helpful if the PU fishery participants would "log" these immature kings as a separate entry.

Thank you,
