

**PROPOSAL 101**

**5 AAC 27.185. Management plan for herring spawn on kelp fisheries in Sections 3-B, 12-A, and 13-C, and District 7.**

Reduce bait fishery harvest limit in the Section 3-B commercial herring spawn on kelp fishery, as follows:

the 3b bait share of the GHL shall be 30%.

**What is the issue you would like the board to address and why?** Reduce the herring bait fishery portion of the GHL to 30%. This fishery is a wanton waste fishery which for some reason the department turns a blind eye to and this needs to stop.

**PROPOSED BY:** Larry Demmert
