

PROPOSAL 75

5 AAC 77.660. Personal use shrimp fishery.

Reopen the personal use shrimp fishery in Section 11-A, as follows:

Reopen 11A to personal use. It was closed in 2013 with an old shrimp survey from 2007.

What is the issue you would like the board to address and why? 11A shrimp: the department is saying 11A is the same as Tenakee Inlet. That is a big commercial inlet for shrimp and is 60 miles south from 11A.
