Subject: Re: Delay king opening till July 8 but Coho open July 1

Hi my name is Dugan Daniels. I am a troller in SE Alaska and am opposed to starting for kings after the normal July first opener. By doing this it will guarantee that every boat in the fleet is on the very best spots to harvest kings which i believe could increase the amount of Unuk kings taken in the July. Also this is the first step in taking days away from our already short summer season. As we have learned in the past when we lose days we never get them back
