My name is Kenyatta Bradley I submitted Prop. 60 for the 2018 January meeting in Sitka establishing a super exclusive Dungeness crab fishery in Nakwasina sound near Sitka. This prop passed with near the exact same language as the fishery in George inlet. By copying the language we also copied the registration date which is Dec. 1 through Jan. 3rd the prop passed on January 15th during deliberation there was no mention of a need to wait a year for this fishery to start as it has been taking place near Ketchikan since 2003 without any issues.

Therefore I propose a special registration period for the 2018 season between the dates of March 15th and April 15th.

Thank you for your time and consideration feel free to contact me with any questions or issues.
