IN THE SUBSISTENCE, PERSONAL USE, SPORT, GUIDED SPORT, AND COMMERCIAL  
FISHING REGULATIONS FOR THE  
LOWER AND UPPER COOK INLET FINFISH, KODIAK FINFISH, and  
STATEWIDE (EXCEPT SOUTHEAST AND YAKUTAT) KING AND TANNER CRAB  
GENERAL PROVISIONS.

### PROPOSAL DEADLINE – WEDNESDAY, APRIL 10, 2019

The Alaska Board of Fisheries (board) is accepting proposed changes to the subsistence, personal use, sport, guided sport, and commercial fishing regulations for the Lower and Upper Cook Inlet finfish, Kodiak finfish, and Statewide (except Southeast and Yakutat) King and Tanner crab management areas. Finfish includes salmon, herring, trout, other freshwater finfishes, and groundfish, including Pacific cod, for consideration by the board in its 2019-20 meeting cycle. The board may also consider subsistence proposals for other topics (including other areas) under the subsistence proposal policy, 5 AAC 96.615, if proposals are submitted within this deadline and the board determines they meet the criteria in either 5 AAC 96.615(a)(1) or (2).

To ensure the proposal book is finished in advance of the board meetings, the board sets Wednesday, April 10, 2019, as the proposal deadline.

Proposal forms are also available at any Boards Support office. Proposals must be submitted on the current approved form. Any additional information provided with the form, such as tables, Internet web links, or charts, will not be included in the proposal book.

The completed proposal form must contain a contact telephone number and address. Email addresses are appreciated. Please print or type the individual's or organization's name as appropriate.

Such language may be edited or deleted prior to publication. **Proposals that do not meet the call will not be accepted.** Proposals must pertain to the region, species, and uses in this call. If duplicative proposals are received by the same individual or group only one will be included in the proposal book.

Proposals published in the proposal book will be referenced with the appropriate Alaska Administrative Code citation and include a brief description of the action requested.

Proposal books are sent to advisory committees and the public for review and comment. Proposals are online at <http://www.adfg.alaska.gov/index.cfm?adfg=fisheriesboard.proposalbook>. Those submitting proposals are encouraged to review the proposal book at their earliest convenience to ensure proposals are included and accurate. Noted errors and omissions should be reported to Boards Support immediately. The public is encouraged to visit the Board of Fisheries website frequently for news and information regarding the upcoming cycle.

Responsive proposals received by the proposal deadline will be considered by the Board of Fisheries during the October 2019 through March 2020 meeting schedule.
