

**CANCELLATION NOTICE OF A PUBLIC MEETING OF THE
ALASKA BOARD OF FISHERIES**

At its February Upper Cook Inlet Finfish meeting, the Alaska Board of Fisheries (board) determined to disband the Special Committee on the Nushagak-Mulchatna King Salmon Fishery Management Plan (committee). The committee meeting planned for March 12, 2020 in Anchorage is cancelled. The board found the initial goals cited when the committee was formed appeared difficult to achieve. The committee was chartered through BOF Policy 2018-291-FB to review the Nushagak sport and commercial fisheries and provide recommendations to the board on a comprehensive solution. The board encouraged all the committee stakeholders to continue to work together to arrive at a solution leading to the 2021 Bristol Bay Finfish meeting.
