

RC 121

Submitted by Theresa Peterson

Hello Board Member

I am Rick Metzger proposer of Proposal 68. I am sorry I can not attend this meeting due to being the primary care giver for my ailing mother.

I have asked Theresa Peterson to introduce Proposal 68 and amendment RC 73 in my absence.

I fully support proposal 68 and RC 73 or any other amendment that puts set nets in the waters of Alitak Bay during the months of July, August and September when the tradition set net ares are closed.

Thank you very much for your consideration.
