Attached is the PWS Tanner pot test fishery information including cpue. We have attempted to extend the historic CPUE graph using what information we have from the commissioners permit fishery and pot test fishery. Adfg has the ability to do this but has refused to use this extremely relevant data that they collected with the test fishery in the design of their management strategy.
Port sampling for unobserved trips

- Observers aboard most trips
- Each Lot - 25 mandatory pot locations, the rest captain's choice
- 6 Lots (2020) and 5 Lots (2021) - 5,000 lb per Lot
- Request for quotations (RFO) for test fishery - February

Hinchinbrook districts:
- Distribution of Tanner crab in area of the Northern and
- Collect info about legal make catch rate, make size comp,
- Surveying outside of the Commissioner's Permit Fishery area
