Subject: Scheduling ACR 7
Date: Wednesday, October 20, 2021 3:47:07 PM

When scheduling Board consideration of ACR 7, please note that the March Statewide Shellfish meeting in Anchorage is right during the State Pacific cod opening for WGOA local Sand Point and King Cove boats that would be impacted by ACR 7.

Also - our local fishermen hope that some Board members could visit either Sand Point or King Cove before consideration of this proposal. In fairness – noting that some Board members traveled to Chignik this past summer.

Thank you

Ernie Weiss
