

Honorable Board Members;

I would like to thank you for your time. I am Heath Lyon a full time Bristol Bay resident since 1997 and I have been guiding the Naknek River since 1991. I am also owner of Bear Trail Lodge, located in King Salmon on the Naknek river. I am here to speak on my own behalf.

I like Proposal 13 with giving the Nushagak kings a window on the tide.

I oppose 17 - Weather days (where we can't fly out), we might have to put the whole lodge on the Naknek.

I oppose 18 -

I oppose 19 - Sounds like the bead thing all over again. Less mortality with beads then flies and hardware.

I oppose 21 - Not enough retention to make a difference. Our seals make a bigger difference.

I oppose 22 - Big Creek is one place you can fly fish on a big Naknek river tide.

I oppose 23 - Keep Big Creek catch and release

I oppose 24 & 25 - ADF&G can use emergency orders to change bag limits

I oppose 26 - Even though we already practice this at our lodge

I oppose 27 - I would like to see a 15 fish limit for all of Bristol Bay. Resident and non resident. Residents can always put in a subsistence net if they need more fish.

I oppose 30- I like the idea, definitely about kids fishing. Just think there is a better way than displacing multiple lodges full of anglers and the angling public.

And again, thank you for your time.
