### **5 AAC 06.370. Registration and reregistration**

(a) Before taking salmon in the Bristol Bay Area, a CFEC salmon drift gillnet permit holder shall register for a district described in 5 AAC 06.200. Before taking salmon in the Nushagak District, a CFEC salmon set gillnet permit holder shall register for a statistical area described in (l) of this section. A CFEC salmon drift gillnet permit holder also shall register for the same district the drift gillnet vessel that the permit holder will be operating. For the purposes of this section, a CFEC salmon drift gillnet permit holder and a drift gillnet vessel may be registered in only one district at a time and a CFEC salmon set gillnet permit holder in the Nushagak District may be registered in only one statistical area at a time. Initial district registration and statistical area registration is accomplished by completing a registration form provided by the department and returning the completed form to the department office in Dillingham or King Salmon or electronically on the department's website.

(b) Except when fishing as a crewmember, a CFEC salmon drift gillnet permit holder intending to transfer to and fish in a new district for which the permit holder is not registered shall register the permit holder for the new district at least 48 hours before fishing in the new district. Reregistration is accomplished by the permit holder or the permit holder's authorized agent completing a form provided by the department and submitting the completed form, in person, to a local representative of the department or electronically on the department's website. The 48-hour district transfer notification period starts when the reregistration form is signed by the local representative of the department or when the permit holder receives the computerized acceptance notification. The drift gillnet permit holder and the drift gillnet vessel may not fish in the original district during the 48-hour notification period. The notification period may be reduced by commissioner's announcement. District reregistration is not required after 9:00 a.m. July 17, except in the Ugashik District, as specified in 5 AAC 06.366(d)(4), the Naknek-Kvichak District, as specified in 5 AAC 06.360(g), and the Egegik District, as specified in 5 AAC 06.359(f).

**(n) Prior to June 25, the Commissioner may, by emergency order, establish a deregistration period for the Naknek-Kvichak, Egegik, Nushagak, and Ugashik districts. A drift gillnet permit holder and the vessel that the permit holder will use to take salmon that is registered for a district may deregister from that district by notification to the department. After the permit holder and the vessel that the permit holder will use to take salmon has served a 48-hour wait period, they may register for any district except Togiak and begin fishing immediately upon registration to that district.**
