

To the Alaska Board of Fish,
Concerning proposals which involve the 1% rule and other issues that impact the end of
the upper Cook Inlet commercial fisheries too minimize the commercial harvest of
Northern district coho, late run Kenai River king salmon and Kenai River coho
salmon. Please refer to 5 AAC 21.360

Section 5 AAC 21.360 - Kenai River Late-Run Sockeye Salmon Management Plan(a) The
department shall manage the Kenai River late-run sockeye salmon stocks primarily for
commercial uses based on abundance. The department shall also manage the
commercial fisheries to minimize the harvest of Northern District coho, late-run Kenai
River king, and Kenai River coho salmon stocks to provide personal use, sport, and guided
sport fishermen with a reasonable opportunity to harvest salmon resources.
