Re: ACR#2

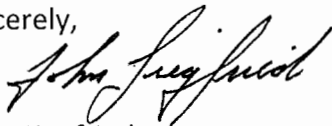

Dear Mr. Wood and Member of the Board of Fisheries:

This is a letter to verify that the Fairbanks Fish and Game Advisory Committee (FAC) met last night, October 11, 2023, to ratify their support of ACR#2 that was submitted by the FAC in August.

The action to ratify was unanimous. We had a full quorum. Minutes will be available within 30 days.

Thank you for your consideration of this Agenda Change Request.

Sincerely,
