### Proposal 81 – Sheep Tok Management Area (TMA)

**RC 44** 

Submitted by: Public

#### Effect of Proposal:

Part 1: Nonresident drawing process

Part 2: Guide-client agreement requirements

## Proposal 81 – Part 1 Sheep Tok Management Area (TMA)

#### Effect of Proposal: Part 1 – Nonresident drawing process

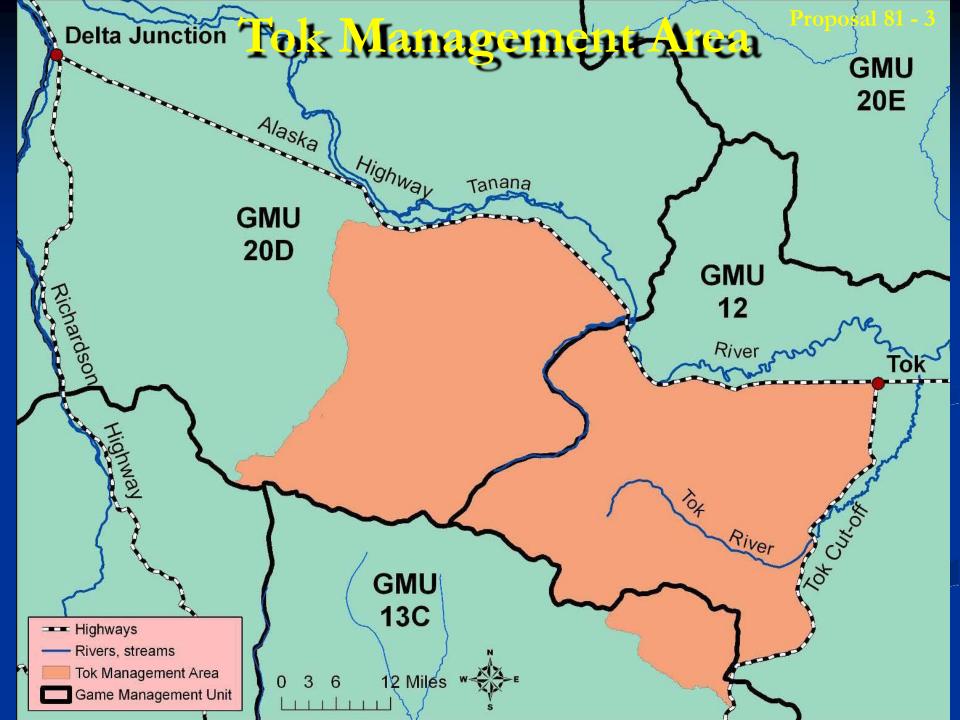

- 1) Allocate a fixed 10% of TMA permits to nonresidents
  - Up to 50% to second-degree kindred
- 2) Establish separate draw permits for residents and and nonresidents for each hunt period
- Revise permit hunt application form to include relation to hunter (for nonresidents hunting with second degree-kindred)

#### Department Position: Neutral

Allocation issue

Upper Tanana-Fortymile AC: Support

## Background

#### TMA permits are highly sought after

> Over 5500 applicants in 2013

#### 81 permits issued in 2013

- > 40 permits for Aug 10 Aug 25 (DS102)
- > 40 permits for Aug 26 Sept 20 (DS103)
- > One Governors Tag

Hunters have <2% chance of receiving a permit

# In 2007, BOG limited nonresidents to up to 10% of TMA permits

- 1. All applicants selected at random
- 2. Until 10% to nonresidents
- 3. Remaining permits to residents only

Since 2007: 7.5% to 10% to nonresidents

# Proposal would allocate nonresidents a fixed 10% of TMA permits

> Little or no impact on harvest

Proposal would create separate draw permit for nonresidents

- > Board action not necessarily required
- > If fixed 10% allocated to nonresidents
  - > ADF&G likely would create separate draw permit

### Proposal 81 – Sheep Tok Management Area (TMA)

Since 2007: 7.5% to 10% to nonresidents

# Proposal would allocate nonresidents a fixed 10% of TMA permits

> Little or no impact on harvest

Proposal would create separate draw permit for nonresidents

- > Board action not necessarily required
- > If fixed 10% allocated to nonresidents
  - > ADF&G likely would create separate draw permit

Currently, nonresidents are required to include either:

- 1. Name of contracted guide OR
- 2. Name of resident relative
  - > Proposal: relationship of relative

## Conclusion – Part 1

Nonresident TMA drawing process

- 1) Allocate a fixed 10% of TMA permits to nonresidents
  - > Up to 50% to second-degree kindred
- Establish separate draw permits for residents and nonresidents for each hunt period
- 1) Revise permit hunt application form to include name of guide or second-degree kindred and relation to hunter

## Department Position: Neutral

Little or no influence on harvest level
Allocation issue

Upper Tanana-Fortymile AC: Support

## Proposal 81 – Part 2

Guide-client agreement requirements within TMA

#### Effect of proposal:

- 1) Require nonresident applications be submitted by the contracting guide (for those hunters that choose to hunt with a registered guide)
- Require a copy of the guide-client agreement be submitted to to the Tok ADF&G office prior to the draw application addine deadline
- 3) Restrict drawing of permits for nonresidents hunting with a
- Restrict drawing of permits for nonresidents hunting with a registered guide to those with at least one guide use area (GUA) within the TMA both during the year the application is submitted and the year the permit will be valid
- Department Position: Defer to March 2014

## **Current Regulations**

- 1) Hunter or guide submits application
  - > Proposal: guide submits application
- 2) Completed guide-client agreement before submitting application
  - Proposal: submit agreement to Tok ADF&G Proposal: submit agreement to Tok ADF&G

5 AAC 92.057 states that the department may enter an an application for the applicable hunt only a to a nonresident that presents proof at the time of application that the applicant will be accompanied by a guide who has a guide use area (GUA) on file that is within the drawing hunt area during the the season the drawing permit is valid

Proposal requires guides have a GUA within the TMA both during the year the application is submitted AND the year the permit will be valid

Example: if applying for a 2015 TMA permit, permit, the guide would be required to have both: GUA within TMA for 2014 AND

- 1. GUA within TMA for 2014 AND
- 2. GUA within TMA for 2015

## **Current Regulations**

- 1) Hunter or guide submits application
  - > Proposal: guide submits application
- 2) Completed guide-client agreement before submitting application
  - Proposal: submit agreement to Tok ADF&G Proposal: submit agreement to Tok ADF&G

5 AAC 92.057 states that the department may enter an an application for the applicable hunt only a to a nonresident that presents proof at the time of application that the applicant will be accompanied by a guide who has a guide use area (GUA) on file that is within the drawing hunt area during the the season the drawing permit is valid

Proposal requires guides have a GUA within the TMA both during the year the application is submitted AND the year the permit will be valid

Example: if applying for a 2015 TMA permit, permit, the guide would be required to have both: GUA within TMA for 2014 AND

- 1. GUA within TMA for 2014 AND
- 2. GUA within TMA for 2015

#### **Issues:**

- > Guide use area selection timeline
- > Not regulated by ADF&G
  - > ADF&G has no ability to verify GUA selection

As a result, permits have been issued to hunters contracted with guides who do not have a guide use area registered in the TMA at the time of application

#### Further changes required to remedy problem:

- > Significant programming changes
- > Timing of application period
- > Access to electronic information from DCCED

## Cost Analysis

#### Increased costs to department:

- > Review guide-client agreements
- > New GUA selection requirements

### Conclusion – Part 2

Guide-client agreement requirements

- Require nonresident applications be submitted by the contracting guide (for those hunters that choose to hunt with a registered guide)
- 2) Require a copy of the guide-client agreement be submitted to the Tok ADF&G office prior to the draw application deadline
- Restrict drawing of permits for nonresidents hunting with a registered guide to those with at least one guide use area (GUA) within the TMA both during the year the application is submitted and the year the permit will be valid

# **Department Position:** Defer to March 2014 statewide meeting

All guide-client agreement requirements will be reviewed as part of statewide proposal 146
