Dear Board Members of the
Alaska Department of Fish and Game,

I am writing to ask you to support
proposal 1085. I think this is a
good idea for schools (my school is
Machetanz Elementary) because we
can go on field trips to learn
about wildlife and animal habitats.
I know that land was purchased
near the Palmer Hayflats. (I
should know, I was in a play
to raise money for it!)
Thank you!

Sincerely,
Lia Suarez

Dear Department of Fish and Game,

Hi. My name is Abby Novak. I go to school at Machetanz Elementary, right by the Palmer Hayflats State Game Refuge. I would like you to do proposal 105 and expand the Palmer Hayflats State Game Refuge. The reason why I would like you to do this expansion is because there are many habitats that could be destroyed without this extra protection. There are lots of salmon and many nesting swans that could get killed or have their habitats destroyed by people. Lots of wildlife could get killed. We need this wildlife protection and fast! Thank you!

Sincerely,
Abby Novak

Dear Board Members of the Alaska
Department of Fish and Game,

I am a student at Macthanze Elementary
my name is Megan Davies. My class and
I have been studying the wild life in the
the Alaska Hay flats. Many people have been
donating money to purchase the property from
several families. In which the property
is meant for public use. I am writing
to request that you support that
you support proposal 105. So that we
can use the property for a trail which
we will use as public use.

Sincerely,
Megan Davies

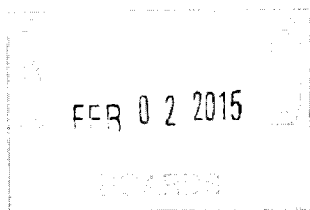

Dear State Legislator,

I am a student at Machetanz Elementary school named Anthony Jones. I think that you should pay the bill to expand the refuge in the hay flats because the land has already been bought but can not be protected by laws. Please pay the bill this will save who knows how many innocent animal lives which are just as valuable as human lives.

Sincerely,

Anthony Jones
