DRAFT

5 AAC 92.050. Required permit hunt conditions and procedures. (a) The following conditions and procedures for permit issuance apply to each permit hunt:

(1) the applicant or the applicant's agent shall complete the application form; a permit application that is incomplete, or that does not include, if required, an Alaska big game hunting license number, or that contains a false statement, is void; the applicant must obtain or apply for an Alaska big game hunting license before submitting a drawing permit application;

(2) except as provided in 5 AAC 92.061 and 5 AAC 92.069, a person may not

(A) apply for more than six [THREE DIFFERENT] drawing permit hunts for the same species per regulatory year[, EXCEPT THAT A PERSON MAY APPLY FOR UP TO SIX MOOSE DRAWING PERMIT HUNTS], with no more than three for bull moose hunts;

(B) **repealed**; [SUBMIT MORE THAN ONE APPLICATION FOR THE SAME DRAWING PERMIT HUNT DURING A REGULATORY YEAR;]

(C) apply for more than one moose drawing permit for a nonresident in Unit 23 per regulatory year; or

(D) hold more than one drawing permit for the same species per regulatory year;

The change:

Applicants may apply for six hunts for most species. For moose, applicants may apply for up to 6 moose hunts, however only three of which may be bull hunts. All six may be antlerless hunts. Applicants may apply for the same hunt number as many times as is allowed for that species, but not more than six times on all individual and party applications combined.

Certain nonresident hunts will continue to be administered in the following way (no change to existing regulations):

5 AAC 92.061 - paraphrased -

- Guided nonresident Unit 8 brown bear hunters may only apply for one Unit 8 brown bear permit per application period.

5 AAC 92.069 - paraphrased -

- Guided nonresident Koyukuk Controlled Use Area (KCUA) moose hunters may only apply for one KCUA hunt.
- Nonresident moose hunters may only apply for one Unit 21E moose hunt.
- Nonresident moose hunters may only apply for one Unit 23 moose hunt.

How the draw will work:

The draw for each hunt will proceed as follows: A random number is assigned to each application. If you apply for the hunt six times you will be assigned 6 random numbers. The lowest random numbers will be selected until all permits are filled. Choice order will still be specified at the time of application, and in the event an applicant is a potential winner for two hunts of the same species, the applicant will be awarded a permit based on their choice order.
