

PROPOSAL 118 – 5 AAC 85.065. Hunting seasons and bag limits for small game. Reduce the bag limit and shorten the season for grouse in Unit 11 as follows:

A daily bag limit of five grouse per day, with a possession limit of ten; September 1 – December 15.

What is the issue you would like the board to address and why? Modify the hunting season and bag limits for grouse (Spruce Hens) in Unit 11 as follows: We propose that the season be shortened and open September 1 instead of August 10 so that the young birds have more time to develop before being hunted. The reason for this is that the population of Alaska is changing and the hunting pressure is increasing from folks who drive out to hunt from Anchorage and other urban areas.
