

PROPOSAL 133 – 5 AAC 85.020. Hunting seasons and bag limits for brown bear. Change the nonresident brown bear registration hunt in Unit 9E to drawing permit hunt as follows:

Unit 9E brown bear:

Nonresidents: One brown bear every four regulatory years;

(Five permits by drawing), state land south of Cinder River to Mud Creek

(Five permits by drawing), state land south of Mud Creek to Meshik River

What is the issue you would like the board to address and why? The over-harvest of brown bears by guides and their nonresident clients. The resource cannot handle the unlimited number of guides and nonresident hunters on state land between Cinder River and the Meshik River.
