

PROPOSAL 33

5 AAC 85.040. Hunting seasons and bag limits for goat.

Open a drawing hunt for mountain goat on the Cleveland Peninsula in Units 1A and 1B as follows:

Open to both residents and nonresidents. Unit 1A, 1B Cleveland Peninsula south of the divide between Yes Bay and Santa Anna Inlet. Bag limit: one male goat by permit only. Create new drawing permit area offering two permits, bag limit: one billy, August 1 – December 31.

What is the issue you would like the board to address and why? No open season for mountain goat in Unit 1A, 1B on the Cleveland Peninsula, south of the divide between Yes Bay and Santa Anna Inlet. This proposal is intended to provide trophy class hunt for mature billies; harvest of billies only. This will allow hunters to utilize a harvestable population of mature trophy class billies that would otherwise be missed. Those who are likely to benefit if the proposal is adopted will be hunters interested in harvesting a trophy class mountain goat and nobody is likely to suffer.
