5 AAC 92.050. Required permit hunt conditions and procedures

(a) The following conditions and procedures for permit issuance apply to each permit hunt:

...

(5) except as provided in (6) of this subsection, a permit is nontransferable; however, the department may reissue an invalidated Tier II subsistence hunting permit to the highest-ranked applicant remaining in the original pool of eligible applicants;

(6) the commissioner may reissue or transfer a permit as follows:

(C) a person that is unable to hunt a black bear or brown bear drawing permit for the regulatory year 2019 spring season due to health mandates limiting travel, may have their permits transferred to subsequent years at the discretion of the Commissioner; this section will sunset July 1, 2023.

...

WHAT SOLUTION DO YOU RECOMMEND?5 AAC 92.050 provides opportunities to transfer drawing permits for specific conditions. If adopted, this proposal will provide an additional opportunity to transfer drawing permits that are unable to be hunted on due to travel related health mandates.

WHAT IS THE ISSUE YOU WOULD LIKE THE BOARD TO ADDRESS AND WHY?
Due to current health mandates around the United States associated with COVID-19 both resident and nonresident brown bear hunters are unable to fully utilize spring 2020 (regulatory year 2019) hunting opportunities. Current regulations do not provide for transferring drawing permits between regulatory years because of travel restrictions attributed to health mandates.
