WHAT SOLUTION DO YOU RECOMMEND? The Board of Game recommends opening a spring 2021 resident and nonresident hunting season with existing brown bear hunting season dates and bag limits. This action is limited to spring 2021 and will sunset June 30, 2021.

WHAT IS THE ISSUE YOU WOULD LIKE THE BOARD TO ADDRESS AND WHY? Due to current health mandates around the United States associated with COVID-19 both resident and nonresident brown bear hunters are unable to fully utilize spring 2020 (regulatory year 2019) hunting opportunities. In Unit 9 brown bear hunts are managed by registration permit. Fall hunts are offered only in odd numbered years (e.g., 2019), and spring hunts are offered only in even numbered years (e.g., 2020). In an effort to provide brown bear hunting opportunity in Unit 9 for those hunters unable to hunt in spring 2020 the Alaska Board of Game may open a hunt in the spring of 2021. After the spring 2021 season, all Unit 9 brown/grizzly bear hunts would return to the regularly scheduled cycle of a hunt in the fall of odd numbered years (2021) and spring of even numbered years (2022).
