

**PROPOSAL 117**

**5 AAC 85.040. Hunting seasons and bag limits for goat.**

Implement the penalty for taking nannies in the RG364, 365 and 374 goat hunts in Unit 15C as follows:

Instate the nanny penalty for goat hunts RG 364, 365 and 374. This is housekeeping and should not be an issue.

**What is the issue you would like the board to address and why?** Recently created goat hunts (RG 364, 374 and 365) are on the Kenai end in the area where there is a penalty for taking a nanny this was inadvertently overlooked when the hunts were authorized.
