

**PROPOSAL 156**

**5 AAC 84.270. Furbearer trapping.**

Close beaver trapping in the Anchor River and Deep Creek Drainages in Unit 15C for six years as follows:

Close all beaver trapping in the Anchor River and Deep Creek drainages in Unit 15C for two board cycles with a required sunset review.

**What is the issue you would like the board to address and why?** In recent years beavers have been nearly completely extra paid from the Anchor River and Deep Creek drainages. Given historic numbers and an abundance of suitable habitat it seems likely that with protection they may recall and ice these drainages and again offer trapping opportunities.
