

Note: The Board of Game can only allow the take of wolf same day airborne under a predator control plan for which a permit is required.

PROPOSAL 109

5 AAC 92.113. Intensive Management Plans III.

Allow wolves to be taken in Unit 12 the same day a person has been airborne as follows:

You may hunt wolf in Unit 12 the same day you have flown, provided you are 300 feet from the airplane.

What is the issue you would like the board to address and why? Over the past several years we have seen an increase in predation on sheep and moose due to multiple very large packs of wolves and multiple singles. It is becoming more common to see and hear these packs on a regular basis. A change to liberalize the hunting regulations allowing more opportunity for incidental harvest will help ungulate populations.
