

Amendment to Proposal 2

Amend Proposal 2 to be applicable to Units 23 north of and including the Singoalik River drainage and that portion of Unit 26A west of the Coleville River drainage upstream from the Nuka River and drainages of the Chukchi Sea, south and west of and including the Kuk and Kugrua river drainages, with a bag limit of 15 per year, only one of which may be a cow, season dates of July 1 to June 30, for residents only under registration permit RC907, (no changes to nonresident seasons or bag limits). The remaining portions of 26A would remain unchanged from current regulations, given their primary reliance on neighboring caribou herds.
