

ALASKA BOARD OF GAME RESOLUTION

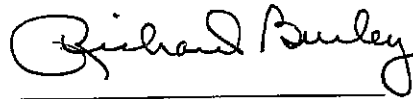

#95-80-BOG

Whereas the Alaska Board of Game is charged with implementing regulations involving the allocation of wildlife resources; and¹

Whereas allocation issues involving subsistence uses create several difficulties in the Board's deliberative process due to vague and undefined terms;

Therefore be it resolved that the Alaska Board of Game requests the Alaska State Legislature more specifically define the terms: subsistence, customary and traditional, and dependence as found in AS 16.05.258.
