5 AAC 96.020. Creation of local fish and game advisory committees

(a) The joint board may establish an advisory committee that represents fish and game user groups in the area served by the committee as required in 5 AAC 96.060(e)(1). A group of 25 interested people may request the joint board to create a committee. The joint board will, to the extent feasible, establish and locate committees to allow an opportunity for all residents of the state to participate in the regulatory system.

(b) A committee must be approved by the joint board before starting its operations. The joint board will appoint the original five members of a committee, at which time the committee shall begin its operations.

(c) The joint board will review requests to create committees. Factors that it will evaluate include:

1. whether an existing committee could be expanded to include members who represent the interest of the persons making the request;
2. whether representation of all user groups in the area on existing committees is adequate;
3. whether residents of the local area are likely to participate actively on the proposed committee;
4. whether there are likely to be enough qualified people interested in serving on the proposed committee;
5. whether logistical problems would make it difficult to provide assistance to the proposed committee;
6. whether the proposed committee would enhance participation in the decision-making process; and
7. the efficiency of existing committees.

Terms commence on July 1 and expire on June 30 of the year designated or, except as specified in (g)(1) of this section, until a successor has been duly elected at the next committee meeting. The maximum length of a term is three years.

(g) Election Procedures.

(1) Vacancy. A committee shall give at least 14 days public notice of a meeting for an election to fill a vacancy. The member elected to fill a vacant seat serves the remainder of the vacant seat's term. A chair may declare a vacancy when a member's term is set to expire or has expired, and shall declare a vacancy when any of the following occurs:

(A) a member's death, resignation, or refusal to accept election;

(B) a member's absence from three consecutive, regularly advertised meetings without reasonable justification, as determined by a majority vote of the committee; or

(C) a member's removal by the joint board for cause;

(2) Nomination. The committee may set a time period during which the committee will accept nominations and shall give adequate public notice of the time before accepting nominations. Any committee member or resident of the area...
served by the committee as defined in 5 AAC 96.910(10) may submit a nomination. A committee may not reject a nomination for an undesignated seat under 5 AAC 96.021(c) if committee membership is less than the number of members authorized by the joint board;

(3) **Place of election.** Elections for a community seat specified in 5 AAC 96.021(c) may take place in the community for which the seat is specified;

(4) **Quorum requirements for elections.** A committee need not establish a quorum to accept nominations or elect a new member except that, for committees with both community and undesignated seats, election for undesignated seats shall be held at a committee meeting at which a quorum is present;

(5) **Elections.** Each committee member, and each voting-age resident of the area served by the committee as defined in 5 AAC 96.910(10) who attends the election, may vote on a nomination for membership. Nominees receiving the most votes are elected;

(6) **Election results.** A committee shall forward election results, and each newly-elected or re-elected member shall forward a new member form, to the appropriate regional office of the boards support section not later than 30 days after the election. A newly-elected or re-elected member loses membership status if the member fails to submit a new member form within 30 days after the election;

(7) **Alternates.** Each advisory committee may appoint two alternates. However, any member of an advisory committee who is the sole representative from a community may also appoint an alternate. Each alternate must meet the qualifications under this chapter. When acting as a member of an advisory committee, an alternate is entitled to the benefits, privileges, and responsibilities of a regular member. If an advisory committee appoints an alternate from the remaining nominees from an election, the alternate may fill a vacancy on the advisory committee throughout the year.

(h) Repealed 9/19/2019.

(i) **Officers.** The officers of a committee consist of a chair, a vice-chair, and a secretary. The term of office for officers is two years starting July 1 and ending June 30 of the following year, or until the next meeting when new officers can be elected. Officers are elected by a majority vote of a quorum of a committee.

(j) **Chair.** The chair is the presiding officer.

(k) **Vice-chair.** The vice-chair shall assist the chair and assume chair's duties when the chair is absent.

(l) **Secretary.** The secretary may be, but need not be, a member of the committee. The secretary shall carry out the usual duties associated with the office including maintaining records of the meetings in accordance with 5 AAC 96.060(s). If the secretary is not a committee member, the secretary has no vote on committee business other than nominations for committee membership.

(m) **Replacement of an Officer.** A committee may replace an officer if

1. the officer resigns from office or from committee membership before his or her term in office, or on the committee, expires;

2. the committee declares the officer's seat vacant under (g) of this section; or

3. a quorum of the committee meets and a majority of the full committee membership votes to remove the committee member from office, after giving the officer written notice at least 14 days before the meeting.

(n) **Removal for Cause.** The joint board may remove any member of a committee for cause upon the written request of the majority of all members serving on the committee setting out the reasons for the requested removal. As used in this subsection, "cause" includes

1. repealed 9/19/2019;

2. conviction of a crime or imposition of an administrative disciplinary action for behavior inconsistent with the responsibility of a fish and game advisory committee membership within the preceding five years;

3. serious and substantial disregard for or violation of the provisions of this chapter or 5 AAC 97 governing the committee system, including conduct warranting the imposition of disciplinary measures under Robert's Rules of Order; or

4. failure, at any time, to meet the qualifications for committee membership.

(o) **Meetings.** An advisory committee is considered a governmental body under the Open Meetings Act, AS 44.62.310 - AS 44.62.319.

2. **Special meeting.** A chair, the department, or two members of the committee may call a special meeting at which any person may submit a statement to the committee on any matter relating to the committee's functions under 5 AAC 96.050 or 5 AAC 96.060(g) or (m).

(p) **Joint Committee Meeting.** Each committee shall cooperate with other committees on matters of mutual interest and concern, and may hold a joint meeting to accomplish this purpose.

(q) **Quorum.** A majority of all the members serving on a
Every action or decision of a majority of the members present at a duly held meeting of a committee, at which a quorum is present, is an act of the committee.

Rules of Meetings. Meetings of a committee will, to the extent practicable, be conducted according to the latest edition of Robert's Rules of Order. A committee may implement the disciplinary measures in Robert's Rules of Order except for permanent removal of a member for cause under (n) of this section. A member abstaining from voting may be recorded as an abstention if the member provides an explanation that is included in the committee records. Notwithstanding (q) of this section, if abstention votes are recorded, the action or decision of a majority of the remaining members at a meeting at which a quorum is present is an act of the committee.

Record of Meetings. Preliminary recommendations of each committee meeting shall be recorded in writing and forwarded to the boards support section not later than 30 days after the meeting. Before an advisory committee chair or a designee will be allowed to represent the advisory committee before the joint board, the Board of Fisheries, or the Board of Game, the appropriate board may require that the advisory committee submit to the respective board a set of the committee's written recommendations relevant to the topic of the board meeting. In the event a committee is unable to meet with a quorum to approve written recommendations, the committee shall appoint a member other than the secretary to provide a preliminary approval of the recommendations.

Records. All correspondence, manuals, minutes, membership listings, newsletters, regulations, requests for new committees, structure and reorganization data, public meeting notices and membership nominations must be forwarded to the boards support section not later than 30 days after the production of the action, so that such records may be kept as a permanent state record and transferred to the Alaska State Archives in accordance with the records retention schedule adopted under AS 40.21.030.

The boards will provide information regarding board meetings to committees so that committees may plan maximum participation in the boards' deliberations. In addition, a board may request a committee to meet and to formulate recommendations on a subject or issue identified by the board.

5 AAC 96.610. Procedure for developing fish and game regulations
(a) For the purpose of developing fish and game regulations, each board will observe the procedures set out in this section. The deadlines for each phase will be set by the appropriate board for each meeting and will be announced to committees and the public.

(b) Phase 1. Each board will solicit regulatory proposals to facilitate that board's deliberations. The boards may limit those sections or portions of the existing regulations that will be open for change. The boards will provide forms to be used in preparing proposals. Notices soliciting proposals will be distributed statewide. In order to be considered, a proposal seeking regulatory change in those sections or portions of the regulations open for change must be received by the boards before the designated deadline unless provided otherwise by a board.

(c) Phase 2. After the deadline for receiving proposals, the boards support section shall compile regulatory proposals received on time, including proposals from department staff and other government agencies, distribute them to the public through department offices and the boards support section website, and send them to the committees.

(d) Phase 3. Committees may review the proposals at a public meeting and may request technical and scientific support data and prepared testimony from the department. The boards will receive committee recommendations and solicit public comment.

(e) Phase 4. Each board will give legal notice of timely received proposals. In accordance with the Administrative Procedure Act (AS 44.62), each board will hold a public hearing and will act on proposals or develop alternatives on the subject matter legally noticed. The final decision on all proposals remains the responsibility of a board.

(f) Phase 5. After completion of procedures required by the Administrative Procedure Act (AS 44.62), a board will notify each committee of the actions taken on each committee's respective recommendations and proposals and the reasons for those actions.

5 AAC 96.615. Subsistence proposal policy

(a) It is the policy of the Boards of Fisheries and Game to consider subsistence proposals for topics that are not covered by the notice soliciting proposals under 5 AAC 96.610(a). To be considered by a board, a subsistence proposal must be timely submitted under 5 AAC 96.610(a), and

(1) the proposal must address a fish or game population that has not previously been considered by the board for identification as a population customarily and traditionally used for subsistence under AS 16.05.258; or

(2) the circumstances of the proposal otherwise must require expedited consideration by the board, such as where the proposal is the result of a court decision or is the subject of federal administrative action that might impact state game management authority.

(b) A board may delegate authority to a review committee, consisting of members of the board, to review all subsistence proposals for any meeting to determine whether the conditions in (a) of this section apply.

(c) A board may decline to act on a subsistence proposal for any reason, including the following:

(1) the board has previously considered the same issue and there is no substantial new evidence warranting reconsideration; or

(2) board action on the proposal would affect other subsistence users who have not had a reasonable opportunity to address the board on the matter.

5 AAC 96.620. Supplemental regulations and actions
Repealed 10/9/83.

5 AAC 96.625. Joint board petition policy

(a) Under AS 44.62.220, an interested person may petition an agency, including the Boards of Fisheries and Game, for the adoption, amendment, or repeal of a regulation. The petition must clearly and concisely state the substance or nature of the regulation, amendment, or repeal requested, the reason for the request, and must reference the agency's authority to take the requested action. Within 30 days after receiving a petition, a board will deny the petition in writing, or schedule the matter for public hearing under AS 44.62.190 - 44.62.210, which require that any agency publish legal notice describing the proposed change and solicit comment for 30 days before taking action. AS 44.62.230 also provides that if the petition is for an emergency regulation, and the agency finds that an emergency exists, the agency may submit the regulation to the lieutenant governor immediately after making the finding of emergency and putting the regulation into proper form.

(b) Fish and game regulations are adopted by the Alaska Board of Fisheries and the Alaska Board of Game. Annually, the boards solicit regulation changes through regulatory proposals described in 5 AAC 96.610(a). Several hundred proposed changes are usually submitted to each board annually. The Department of Fish and Game compiles the proposals and mails them to all fish and game advisory committees and to other interested individuals.

(c) Copies of all proposals are available at local Department of Fish and Game offices and on the boards support section's website. When the proposal books are available, the advisory committees hold public meetings in the communities and regions they represent, to gather local comment on the proposed changes. Finally, the boards convene public meetings, which have lasted as long as six weeks, taking department staff reports, public comment, and advisory committee reports before voting in public session on the proposed changes.

(d) The public has come to rely on this regularly scheduled participatory process as the basis for changing fish and game regulations. Commercial fishermen, processors, guides, trappers, hunters, sport fishermen, subsistence fishermen, and others plan business and recreational ventures around the outcome of these public meetings.

(e) The Boards of Fisheries and Game recognize the importance of public participation in developing management regulations, and recognize that public reliance on the predictability of the normal board process is a critical element in regulatory changes. The boards find that petitions received under (a) of this section can detrimentally circumvent this process and that an adequate and more reasonable opportunity for public participation is provided by regularly scheduled meetings.

(f) The Boards of Fisheries and Game recognize that in rare instances circumstances may require regulatory changes outside the process described in (b) - (d) of this section. It is the policy of the boards that a petition will be denied and not scheduled for hearing unless the problem outlined in the petition justifies a finding of emergency under AS 44.62.250(a). In accordance with state policy expressed in AS 44.62.270, emergencies will be held to a minimum and are rarely found to exist. Except for petitions dealing with subsistence hunting or subsistence fishing, an emergency is an unforeseen, unexpected event that either threatens a fish or game resource, or an unforeseen, unexpected resource situation where a biologically allowable resource harvest would be precluded by delayed regulatory action and such delay would be significantly burdensome to the petitioners because the resource would be unavailable in the future. Petitions dealing with subsistence hunting or subsistence fishing will be evaluated under these criteria:

(1) the petition must address a fish or game population that has not previously been considered by the board for identification as a population customarily and traditionally used for subsistence under AS 16.05.258; or

(2) the circumstances of the petition otherwise must require expedited consideration by the board, such as where the
proposal is the result of a court decision or is the subject of federal administrative action that might impact state game management authority.

(b) The failure of a committee to observe procedures set out in this chapter will be addressed by the boards support section of the department. If the boards support section determines that it is necessary for a particular matter to be addressed by a board or joint board, the boards support section will forward that particular matter to the appropriate board or the joint board for resolution.

Emergency Closures

Section
10. Advisory committee emergency closures.
15. (Repealed).
20. (Repealed).

5 AAC 97.010. Advisory committee emergency closures

(a) After delegation of authority from the commissioner, a committee may initiate an emergency closure during an established season for the taking of fish or game within its area of jurisdiction described in 5 AAC 97.005, under the procedures in this section. No committee may initiate an emergency opening.

(b) After initiation of an emergency closure by a committee, a majority of the members of a majority of the active committees in the affected area of jurisdiction described in 5 AAC 97.005 must, by affirmative vote, ratify the action. For the purpose of this section, “active committees” are those committees that have met in a regular or special meeting within the last three years. A committee member may not vote by proxy or delegation. An emergency closure initiated by a committee is not effective until reviewed by the commissioner under (c) and (d) of this section and until field announcement is made under (f) of this section.

(c) An emergency closure initiated by a committee must be based on sound conservation reasoning and the sustained-yield principle. An emergency closure initiated by a committee must be necessary for the immediate protection of a stock, species, or population, and may not be initiated for the purpose of achieving primarily social, economic, or other nonbiological goals. The commissioner or his authorized representative shall review the emergency closure initiated by a local advisory committee to ensure compliance with these standards.

(d) At least 48 hours before an emergency closure is to become effective, the chair of a committee voting to initiate an emergency closure must

(1) notify the commissioner by electronic communication, telephone, or in writing, of

(A) the decision to initiate the emergency closure;

(B) the time, area, and species involved;

(C) which committees the initiating committee contacted; and

(D) the vote of each committee regarding the closure; and

(2) deliver to the department office nearest the affected area a signed affidavit identifying the roll call vote of the committee, and a written emergency order, following the format specified in the Advisory Committee Emergency Order Manual printed by the department, stating the findings of fact made by the committee to justify the closure, and specifying the evidence relied upon by the committee.

(e) Upon receipt of the documents specified in (d)(2) of this section, the commissioner shall make a reasonable effort to contact the chair of other committees of the appropriate council, so that the committee can vote for or against ratifying the closure. The commissioner shall notify the chair or vice-chair of the appropriate board, of a committee's emergency closure action. The commissioner shall provide the appropriate board with a copy of all written material pertinent to the emergency closure.

(f) The commissioner shall take appropriate action to make field announcement of the emergency closure within 48 hours after receipt of the documents specified in (d)(2) of this section, if the commissioner finds that the closure meets the standards of (b), (c), and (d) of this section. An emergency closure becomes effective after formal field announcement by the commissioner or his authorized representative.

(g) An emergency closure adopted by a committee under this
section expires 120 days after its effective date or when superseded by regulation.

Areas of Jurisdiction for Antlerless Moose Seasons

Article  
1. Areas of Jurisdiction. (5 AAC 98.005 - 5 AAC 98.005)

Article 1  
Areas of Jurisdiction

5 AAC 98.005. Areas of jurisdiction for antlerless moose seasons  For the purpose of implementing AS 16.05.780, antlerless moose seasons require approval by a majority of the active local advisory committees for the affected game management unit or subunit. For the purpose of this section, an "active local advisory committee" is a committee that holds a meeting and acts on the proposal. The following advisory committees, as established in 5 AAC 96.021, have jurisdiction over antlerless moose hunts in the units and subunits specified in this section:

(1) in the Southeast Alaska Region:

(A) Unit I: Hyder, Icy Straits, Juneau - Douglas, Ketchikan, Klukwan, Saxman, Upper Lynn Canal

(i) committees with represented communities in subunit 1(A): Hyder, Ketchikan, Saxman;

(ii) committees with represented communities in subunit 1(B): none;
