

# Black Bear Baiting Seasons and Requirements

## July 1, 2012 - June 30, 2013

Black bear bait stations may be established in certain areas, all bait stations must be registered at ADF&G and all persons who wish to register a bait site must have successfully completed an ADF&G-approved bear baiting clinic. ADF&G may prohibit black bear baiting in local areas.

Bait stations may be registered 15 days prior to the start of the season. Bait may not be placed at the site until the season is open.

### TO BAIT BLACK BEARS YOU MUST:

- be at least 16 years old to register a bait station.
- have successfully completed an ADF&G-approved bear baiting clinic.
- register at an ADF&G office. Registration requires you to provide a physical description of the location where you will place bait.

You will get a sign to post at your station. If you choose not to use this sign, you must place some other sign that clearly identifies the site as a "Black Bear Bait Station," and displays the

- 1) bear bait permit number assigned by ADF&G, and
- 2) your hunting license number and hunting license numbers of others who hunt over that bait station.

### You **MAY**:

-place bait at only two bait stations at the same time. All bait must be biodegradable. The parts of fish and game that may be legally used as bait are heads, bones, guts, skin or other parts of legally taken game not required to be salvaged (see current Alaska Hunting Regulations). In Units 7 and 15, fish or fish parts may not be used for bait.

-You may also use scent lures, but only with a baiting permit.

-Other hunters may use, place bait at and maintain your bait station with your written permission. Written permission must be carried with you while in the field.

-In Units 6, 7, 9, 11-13, 14A, 14B, 15-17, 19-21, 24 and 25, a registered guide may operate up to ten (10) bait stations at a time in each guide use area that they are registered to operate in. A guide contract is required for each hunter.

-In Units 7, 9, 11-13, 14A, 14B, 15-17, 19-21, 24, 25 and in predator control areas, black bears may be taken at permitted bait stations the same day you have flown provided you are at least 300 feet from the airplane. This is **NOT** allowed on Park Service lands.

-In Units 12, 20C, 20E and 21D brown/grizzly bears may be taken at a black bear bait station subject to the same restrictions as black bear. Hunters who take brown bears over bait in these areas are required to salvage the edible meat in addition to the hide and skull. Hunters must comply with seasons, bag limits and sealing requirements for brown/grizzly bears.

### You **MAY NOT**:

-set up a bait station within one mile of a:

- house (including your own home),
- school,
- business,
- developed recreational facility,
- campground, or
- permanent dwelling including seasonally-occupied cabins (including your own). Establishing bait stations within 1 mile of seasonally occupied cabins is allowed in some areas. See page 2 for the list of places this is allowed.

-set up a bait station within one-quarter mile of:

- a publicly maintained road or trail,
- the Alaska Railroad,
- the Unit 14 shorelines of the Susitna River and Little Susitna River south of the Park Highway bridge; or
- the Unit 7 or 15 shorelines of the Kenai River (including Kenai Lake), Kasilof River and Swanson River.

-take money, bartered goods or services from someone who uses your bait station. This does not apply to a registered guide-outfitter, master guide-outfitter or employee of the contracting guide for providing big game hunting services.

-use another's bait station without their written permission. You must write your hunting license number on the permit at each site you intend to hunt over and carry the written permission with you while in the field.

-In Units 1-5, register a bait station without first providing the location of the bait station in a GPS (Global Positioning System) format of latitude and longitude.

Bowhunters wishing to hunt black bears over bait in Units 7 and 14-16 are required to complete an IBEP or equivalent course.

You must remove all bait, litter and equipment from the bait station site when hunting is completed. This includes all attractants.

<b>Areas Open for Bear Baiting</b>	<b>Dates</b>
<b>Units 1A, 1B, 1D*, 2, 3, 5, 6A, 6B, 6C</b>	April 15 - June 15
<b>Unit 6D*</b>	April 15 - June 10
<b>Units 7*, 11, 12, 13*, 14A*, 14B*, 15*, 16A*, 18, 19, 20<sup>1</sup>, 21A, 21B, 21C, 24 and 25A, 25B, 25C</b>	April 15 - June 30
<b>Unit 16 predator control area</b>	July 1 - October 15 April 15 - June 30
<b>Unit 17</b>	April 15 - May 31
<b>Unit 19D predator control area Units 21D and 24 within the Koyukuk Controlled Use Area Unit 25D</b>	August 1 - September 30 April 15 - June 30

**\*Bait may not be used and bait stations may not be registered in the following areas:**

- 1D, that portion of the Chilkat Peninsula south of the Haines Hwy and within 1 mile of the Haines Hwy, Lutak Road, the Porcupine Mine road to the confluence of the Porcupine and Klehini rivers, and the Chilkat Lake road from the Porcupine Bridge to Chilkat Landing on the Tsirku River.
- 6D, Blackstone Bay and Harriman Fiord
- 7, Resurrection Creek and tributaries and within one-quarter mile of the shoreline of the Kenai River.
- 13, within one-quarter mile of the Alyeska pipeline and pipeline access road from mile 75 of the Richardson Hwy (where the pipeline crosses the Tonsina River) north to the unit boundary at mile 227 of the Richardson Hwy (Black Rapids).
- 14A, 14B within one-quarter mile of the shoreline of the Susitna River and Little Susitna River south of the Parks Hwy bridge.
- 15, within one-quarter mile of the shoreline of the Kenai River (including Kenai Lake), Kasilof River and Swanson River.
- 13E and 16A, Denali State Park

**Bait may be used within 1 mile of seasonally occupied cabins, provided that the cabin is on the opposite side of the river from the bait site in the following areas:**

- 11 and 13, the Copper River north of Miles Lake.
- 16, the Beluga, Susitna, and McArthur rivers, the Deshka River (Kroto Creek) below its confluence with Trapper Creek, the Yentna River below its confluence with the Skwentna River, and Alexander Creek.

<sup>1</sup>Chena State Recreation Area, additional hunting, shooting and off-road vehicle use restrictions apply. Call DNR at (907) 451-2705 for specific information.
