OBSERVATION INFORMATION

Species	Date(s) Observed	Spawning	Rearing	Present	Anadromous
least cisco				✓	✓

**~CORRECT existing Species data for existing AWC Lake's #330-00-10850-2210-0010 and #330-00-10850-2210-0020. Both lakes species data should include LEAST cisco PRESENT.**

*\*Nom #20-124 added LCp to AWC Stream #330-00-10850-2210 up to AWC Lake #330-00-10850-2210-0040. This should of resulted in the addition of LCp to lakes -0010 and -0020 but they were missed in error. This nomination corrects that error.*

**Comments:**

Correct species lake points for AWC Lake #330-00-10850-2210-0010 and #333-00-10850-2210-0020 by adding LEAST cisco PRESENT to these two existing AWC lakes.

Nomination #20-124 added LCp to AWC Stream #330-00-10850-2210 and extended it up to AWC Lake #330-00-10850-2210-0040 which should result in their addition to lakes -0010, -0020, and -0030. AWC Lake -0010 and -0020 were missed during that process and the omission was not noticed until now. Please correct.

Name of Observer (please print):

Joe Giefer

Signature:

10.231.39.10 (Web Nomination)

Date: 03/22/2024

Agency:

Address:

ADF&G Division of Sport Fish 333 Raspberry Rd

Anchorage, AK 99518

This certifies that in my best professional judgment and belief the above information is evidence that this waterbody should be included in or deleted from the Anadromous Waters Catalog.
