\*\*Observations in this nomination provide back-up supporting information for Sockeye salmon spawning in the lower reaches of existing AWC Stream #200-20-10110-2031-3070.

\*\*Observations in this nomination provide supporting information for Dolly Varden rearing in the lower reaches of existing AWC Stream #200-20-10110-2031-3070, however only one (1) individual was observed which does not meet the minimum requirement to add species to an AWC water body.
