Alaska Department of Fish and Game

Habitat Section Southeast Region

111-50-10668 CORRECTION

Water body name: Quad: Juneau B-2

Survey date: 10/20/2023 Species & Lifestage: COr

Upper Reach Latitude: 58.340254 Longitude: -134.567515

Survey crew: FC

Lower Reach Latitude: 58.343372 Longitude: -134.575450

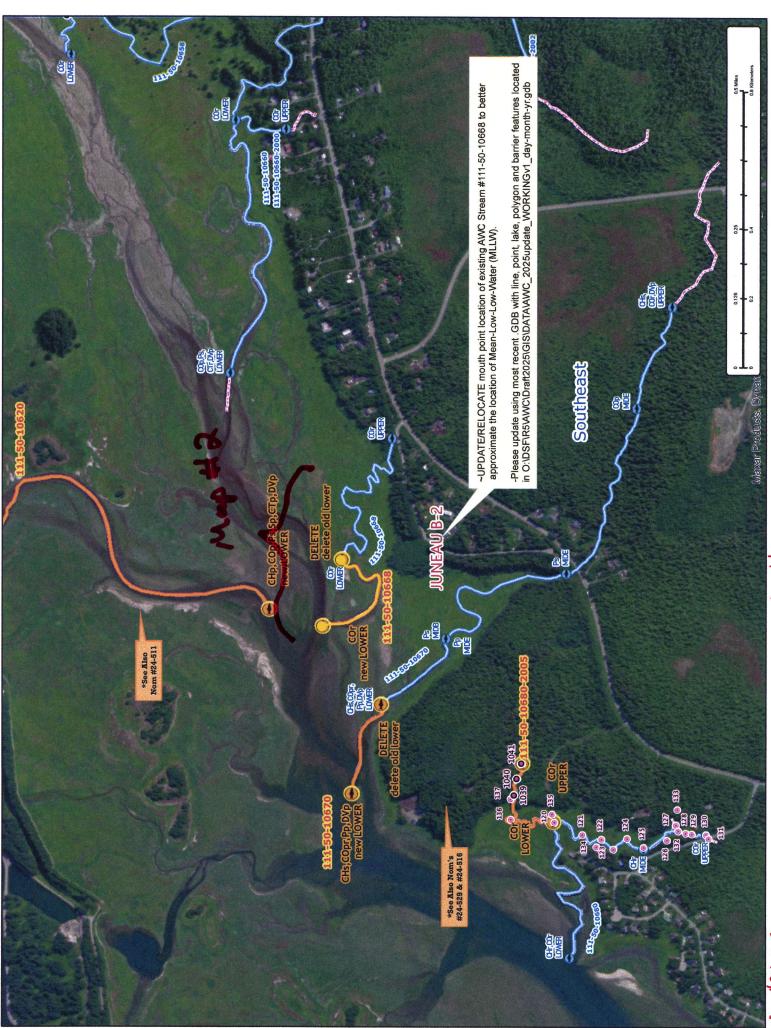

Findings: We surveyed this cataloged stream and found that the stream path is incorrectly mapped. The lower reach of the stream should be extended for clarification, particularly in light of potential alternatives identified for eventual construction of a second bridge crossing between Juneau and Douglas.

Recommendations: Correct Stream No. 111-50-10668 in the anadromous waters catalog to reflect the field verified stream path. Please extend stream into the intertidal (Figure 1).

Nomination: Pending
