OBSERVATION INFORMATION

Species	Date(s) Observed	Spawning	Rearing	Present	Anadromous

~CORRECTION to existing AWC upper Barrier attributes on existing AWC Stream #252-32-1004.

Comments:

Add attribute information to upper barrier point on existing AWC Stream #252-32-10004 as described in Nom #12-305. A large log jam from blow down ~~is~~ blocking fish passage in this location.
