Additional Comments: Add Chinook salmon and sockeye salmon rearing to Swede Creek and extend to upstream waypoint 10A06UP (N 62.91707°, W -145.92826°). Four juvenile Chinook salmon were netted or observed to avoid undue harm to a sensitive life stage of an important species. Seven juvenile sockeye salmon were netted or observed. Also salvaged ~30 juvenile Chinook salmon from disconnected puddles in the trail/road near the creek and put them in the Middle Fork Gulkana River.
