ALASKA DEPARTMENT OF FISH AND GAME

Sport Fish Division

Lake Survey Form

Topo Map Mt. Hayes (C1)

Lake Dot Sec. ____, Twp. 22N, Rge. 7E, Lat 63*40' N., Long. 144*03' W. CRM

Acreage 10 acres or less. Max. Depth 7 ft. Altitude ~~1400~~ 1350

Location 1361 Alaska Hwy. Water Color (clear, silty) Clear, bottom can be seen anywhere.

Type of Bottom Mud

Inlets (name, size, permanency) 1 very small permanent inlet in main pond.

Benchmark (Description)

Outlet (size, immediate and main drainage) Small permanent creek into Sand Creek, thence into Tanana River.

Barriers None

Use (Private, public, semiprivate) Public.

Public Access Site Large gravel parking area adjacent to Hwy.

Facilities (Campground, roadhouse, etc.) Boat launching site in gravel area adjacent to Hwy.

Native Fish Species Pike

Introduced Species None

Spawning Grounds Lake is about 50% covered with scattered emergent vegetation. Also much submergent vegetation.

Fishing History Quite a few fishermen catch a few small pike.

Other Uses Some nesting waterfowl.

Fish Losses None that are known.

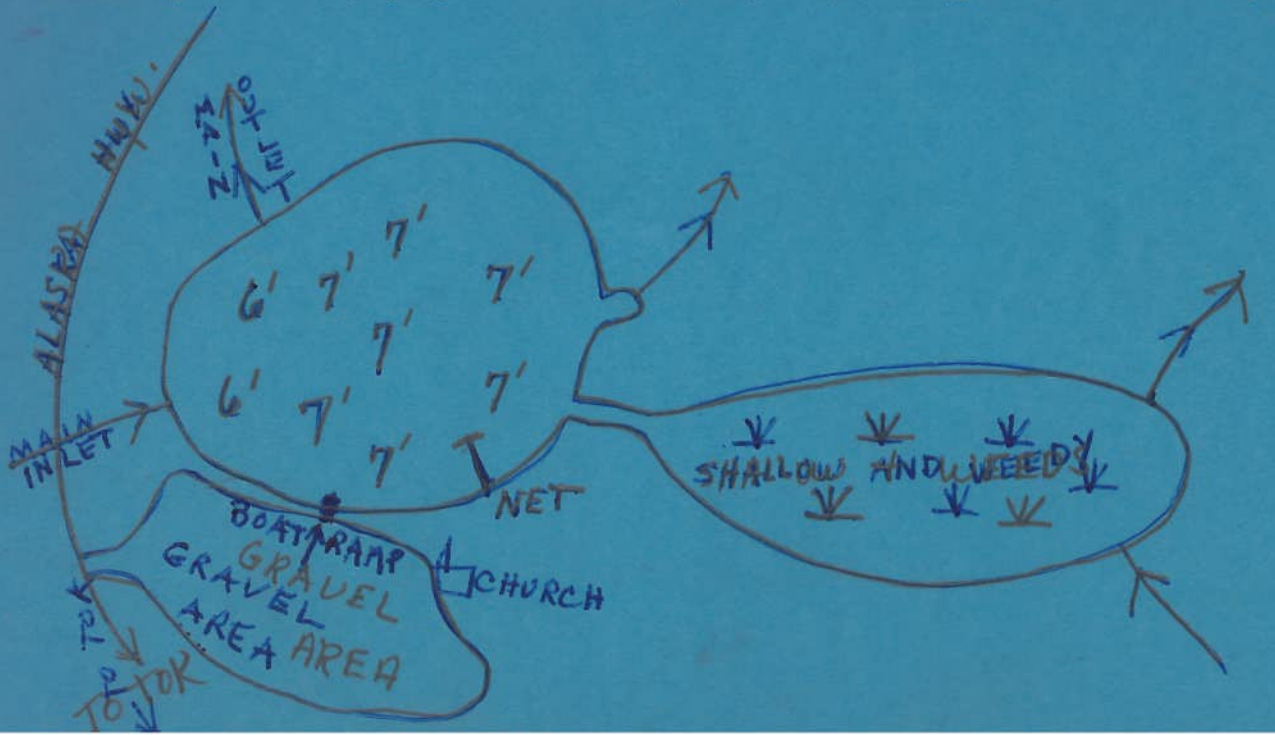

Character and size of watershed This lake drains a small mountain area to the south and a small tundra area to the east.

Remarks Set gill net at 2 PM July 21 '60. Pulled net at 10 AM July 22 '60. Took 9 Pike between 9" and 16". The stomachs of these fish contained no fish, only aquatic insects and crustaceans.

(over)

Description of accessibility (how reached) Adjacent to road at approximately 1361 Alaska Hwy.

Sketch: showing outline of lake, depth, prominent landmarks, inlets, outlet, weedbeds, public service site location, benchmark location, etc.
