[a] Fish were caught using fyke (Fyke) nets or variable mesh (VM) gillnets. CPUE = (number sampled / hrs. set x 60).

COMMENTS: Sport Lake is annually stocked with and is scheduled to be stocked with 15,000 rainbow trout fingerling, 2,000 rainbow trout catchables, and 4,000 catchable Chinook salmon in 2023-2027. If available, an additional 7,500 rainbow trout fingerling and 150 broodstock will be stocked. Chinook salmon were not available in 2010, 2011 or 2019 which resulted in stocking coho salmon. Surplus catchable rainbow trout from the Kenai Peninsula Sport, Recreation and Trade Show are also stocked into Sport Lake in Early May. Catchable fish are included in stocking number (2001-2012). In 2015, 2016, 2020 and 2021 the Department did not participate in the Kenai Peninsula Sport, Recreation and Trade Show, and the fish allocated for the event were stocked accept in 2021. These fish were stocked in John Hedberg Lake. Catchable rainbow trout were stocked in 2013 due to hatchery surplus.
