Cora Campbell
Commissioner

By delegation to:

Brian Marston
Yakutat Area Management Biologist
Division of Sport Fish

JUSTIFICATION:

Surveys conducted by the Department indicate that the Dungeness crab stock in the Yakutat area is not rebuilding following the closure of the commercial fishery in 2000. Estimates of sport Dungeness crab harvest prior to 2005 indicated a declining trend in the Yakutat area Dungeness crab stock. The Dungeness crab sport fishery in the Yakutat vicinity has been closed each year since 2005 by emergency order. Because all indications suggest that the stock is not rebuilding, the sport fishery will continue to be closed in 2014.
